ARTICLE 06.

ALASKA RETIREMENT MANAGEMENT BOARD

Article Notes:

ADMINISTRATIVE CODE: For Alaska retirement management investment board, see 15 AAC 112.

LEGISLATIVE HISTORY REPORTS: For legislative letter of intent in connection with the enactment of AS 37.10.210 - 37.10.390 by Sec. 1, ch. 31, SLA 1992 (HCS CSSB 329 (FIN)), see 1992 Senate Journal, p. 1872.

Sec. 37.10.210. Alaska Retirement Management Board.

- (a) (a) The Alaska Retirement Management Board is established in the Department of Revenue. The board's primary mission is to serve as the trustee of the assets of the state's retirement systems, the State of Alaska Supplemental Annuity Plan, and the deferred compensation program for state employees, and the Alaska retiree health care trusts established under AS 39.30.097. Consistent with standards of prudence, the board has the fiduciary obligation to manage and invest these assets in a manner that is sufficient to meet the liabilities and pension obligations of the systems, plan, program, and trusts. The board may, with the approval of the commissioner of revenue and upon agreement with the responsible fiduciary, manage and invest other state funds so long as the activity does not interfere with the board's primary mission. In making investments, the board shall exercise the powers and duties of a fiduciary of a state fund under AS 37.10.071.

- (b) The Alaska Retirement Management Board consists of nine trustees, as follows:
- (1) two members, consisting of the commissioner of administration and the commissioner of revenue;
 - (2) seven trustees appointed by the governor who meet the eligibility requirements for an Alaska permanent fund dividend and who are professionally credentialed or have recognized competence in investment management, finance, banking, economics, accounting, pension administration, or actuarial analysis as follows:
 - (A) two trustees who are members of the general public; the trustees appointed under this subparagraph may not hold another state office, position, or employment and may not be members or beneficiaries of a retirement system managed by the board;
 - (B) one trustee who is employed as a finance officer for a political subdivision participating in either the public employees' retirement system or the teachers' retirement system;
 - (C) two trustees who are members of the public employees' retirement system, selected from a list of four nominees submitted from among the public employees' retirement system bargaining units;
 - (D) two trustees who are members of the teachers' retirement system selected from a list of four nominees submitted from among the teachers' retirement system bargaining units;
 - (E) the lists of the nominees shall be submitted to the governor under (C) and (D) of this paragraph within the time period specified in regulations adopted under AS 37.10.240(a).
- (c) The trustees, other than the two commissioners, shall serve for staggered terms of four years and may be reappointed to the board.
- (d) The governor may, by written notice to the trustee, remove an appointed trustee for cause. After an appointed trustee receives written notice of removal, the trustee may not participate in board business and may not be counted for purposes of establishing a quorum.
- (e) A vacancy on the board of trustees shall be promptly filled. A person filling a vacancy holds office for the balance of the unexpired term of

the person's predecessor. A vacancy on the board does not impair the authority of a quorum of the board to exercise all the powers and perform all the duties of the board.

- (f) Five trustees constitute a quorum for the transaction of business and the exercise of the powers and duties of the board.
- (g) A trustee may not designate another person to serve on the board in the absence of the trustee.
- (h) The board shall provide annual training to its members on the duties and powers of a fiduciary of a state fund and other training as necessary to keep the members of the board educated about pension management and investment.
- (i) The board shall elect a trustee to serve as chair and a trustee to serve as vice-chair for one-year terms. A trustee may be reelected to serve additional terms as chair or vice-chair.

ARTICLE 02. PUBLIC EMPLOYEES' DEFINED BENEFIT RETIREMENT PLAN

Article Notes:

EDITOR'S NOTES: Section 4, ch. 52, SLA 2014 requires the Alaska Retirement Management Board to "reinitialize the amortization of the past service liability" of the defined benefit retirement plan under this article "for a term beginning July 1, 2014, and ending June 30, 2039".

LEGISLATIVE HISTORY REPORTS: For governor's transmittal letter for ch. 13, SLA 2008 (SB 125) proposing changes to the defined benefit plan of the Public Employees' Retirement System to make it into an employer cost-sharing program, see 2007 Senate Journal 570 - 572.

Sec. 39.35.095. Applicability of AS 39.35.095 - 39.35.680.

The following provisions of this chapter apply only to members first hired before July 1, 2006: AS 39.35.095 - 39.35.680.

HISTORY: (Sec. 83 ch 9 FSSLA 2005)

Sec. 39.35.100. Accounting.

- (a) The commissioner shall establish and maintain an adequate system of accounts and records for the plan. The accounts and records shall be integrated with the accounts, records, and procedures of the employers to the end that they operate most effectively and at minimum expense, and that duplication of records and accounts is avoided.
- (b) An individual account shall be maintained for each employee to record the amount of the employee's mandatory contributions collected under AS 39.35.160(a). As of the last day of each calendar year and of each fiscal year, this account shall be credited with interest by applying the prescribed rate of interest, as determined by the board, to the balance in the account as of that date. When the employee is appointed to retirement, the amount held in the individual account shall be used first to fully finance the benefits paid. Once this account has been exhausted, the plan shall fully finance the benefits paid that were not financed by the employee's individual account.

- (c) An individual account shall be maintained for each employee to record the amount of the employee's voluntary contributions to an employee savings account under AS 39.35.180. As of the last day of each calendar year and of each fiscal year, this account shall be credited with interest by applying the prescribed rate of interest, as determined by the board, to the balance in the account as of that date. Amounts that, before termination of employment, are withdrawn by an employee from the employee's savings account shall be charged to that account. When an employee is appointed to retirement, the amount held in the employee's savings account shall be paid in accordance with AS 39.35.395.

AMENDMENT NOTES: The 2005 amendment, effective July 28, 2005, in paragraphs (1) and (2) of subsection (b) deleted "one half of" preceding "the prescribed rate" and inserted "as determined by the board"; and substituted "plan" for "system" in one place in paragraph (3) and two places in paragraph (4).

The first 2008 amendment, effective July 1, 2008, rewrote this section.

The second 2008 amendment, effective May 23, 2008, inserted "made by or on behalf" in the first sentence of paragraph (b)(3), added "Except as provided in AS 39.35.270(d)" at the beginning of the second and third sentences of paragraph (b)(3) and the beginning of the second sentence of paragraph (b)(4), and added subsections (d) and (e).

EDITOR'S NOTES: Under Sec. 10 and 11, ch. 35, SLA 2008, from May 23, 2008 until July 1, 2008, former (b) (3) and (4) of this section contained an exception for AS 39.35.255(f) (which was enacted as AS 39.35.270(d)).

Sec. 39.35.115. Defined Benefit Retirement Plan.

- (a) A defined benefit retirement plan for employees of the state, political subdivisions, and public organizations is created. The plan becomes effective January 1, 1961, at which time contributions by the employers and members begin.
- (b) The retirement plan established by AS 39.35.095 - 39.35.680 is intended to qualify under 26 U.S.C. 401(a) and 414(d) (Internal Revenue Code) as a qualified retirement plan established and maintained by the state for its employees and for the employees of political subdivisions, public corporations, and public organizations of the state, and for the employees of other employers whose participation is authorized by AS 39.35.095 - 39.35.680 and who participate in this plan.

- (c) An amendment to AS 39.35.095 - 39.35.680 does not provide a person with a vested right to a benefit if the Internal Revenue Service determines that the amendment will result in disqualification of the plan under the Internal Revenue Code.
- (d) The retirement plan established by AS 39.35.095 - 39.35.680 is a joint contributory plan.
- (e) If, upon termination of the plan, all liabilities are satisfied, any excess assets shall revert to the employers as determined by the administrator, subject to the approval of the termination by the Internal Revenue Service.

HISTORY: Sec. 85 ch 9 FSSLA 2005; am Sec. 58 ch 20 SLA 2007; am Sec. 3 ch 52 SLA 2014)

The 2014 amendment, effective June 24, 2014, in (e), substituted “be deposited in the general fund” for “revert to the employers as determined by the administrator”.

LEGISLATIVE HISTORY REPORTS: For governor’s transmittal letter for ch. 20, SLA 2007 (SB 123), proposing needed corrections and clarifications of statutes enacted as part of the 2005 legislation establishing defined contributions retirement plans and making related amendments to defined benefit retirement plans, see 2007 Senate Journal 567 - 570.

ARTICLE 03. MEMBERSHIP

Sec. 39.35.120. Commencement of Participation.

- (a) An employee of the state shall be included in this plan upon commencement of employment with the state, or on January 1, 1961, whichever is later. Unless an employee participates in a university retirement program under AS 14.40.661 - 14.40.799, an employee of a political subdivision or public organization that becomes an employer shall be included in the plan on the effective date of the employer's participation or the date of the employee's commencement of employment with the employer, whichever is later.
- (b) Inclusion in the plan is a condition of employment for an employee except as otherwise provided for
 - (1) an elected official;
 - (2) [Repealed July 1, 2009]
 - (3) an employee of the university who participates in a university retirement program under AS 14.40.661 - 14.40.799.

AMENDMENT NOTES: The first 2001 amendment, by Sec. 7, ch. 57, SLA 2001, effective July 1, 2001, in subsection (b) added the paragraph designations and paragraph (2) and made a stylistic change.

The second 2001 amendment, by Sec. 12, ch. 57, SLA 2001, as amended by sec. 6, ch. 15, SLA 2003, and by secs. 10 and 21, ch. 50, SLA 2005, effective July 1, 2009, repealed paragraph (2) of subsection (b).

The third 2001 amendment, effective March 1, 2002, added the last sentence in subsection (a), and in subsection (b), added the paragraph designations and added paragraph (3).

The 2004 amendment, effective June 26, 2004, deleted the third sentence of subsection (a) and deleted paragraph (b)(4), both relating to a village public safety officer.

The 2005 amendment, effective July 28, 2005, substituted “participates in a university retirement program” for “has elected to participate in the optional university retirement program” in subsection (a) and paragraph (b)(3).

EDITOR’S NOTES: Section 13, ch. 97, SLA 2001 provides that the amendments to this section made by ch. 97, SLA 2001 do “not modify the terms of a contract between the state and a nonprofit regional corporation in existence on the effective date of this Act.” The effective date of Sec. 7, ch. 97, SLA 2001, which amended this section, was March 1, 2002.

AG OPINIONS: Given subsection (b) of this section and AS 39.35.170, which make inclusion in the public employees retirement system (AS 39.35) a condition of employment for state employees and contributions to it mandatory, the conclusion is that the legislature intended the statutory provisions of the public employees retirement system to apply to all state employees, and benefits under the public employees retirement system may not be negotiated under the Public Employment Relations Act (AS 23.40.070 - 23.40.260). January 23, 1978 Op. Att’y Gen.

NOTES TO DECISIONS: Cited in *Holmberg v. State, Div. of Risk Mgt.*, 796 P.2d 823 (Alaska 1990).

Sec. 39.35.125. Participation of Elected Officials.

- (a) An elected official of the state or of a political subdivision of the state if the political subdivision has elected under AS 39.35.600 - 39.35.650 to designate elected officials in the classifications of employees entitled to participate in the plan is included in the plan unless the official files a written waiver of coverage with the administrator. A waiver under this subsection waives coverage of future employment as an elected official, regardless of any change of employer. An elected official may file a waiver under this subsection at any time after election to office, including the period before taking the oath of office. An elected official may revoke a waiver under this subsection by filing a written revocation with the administrator. A revocation under this subsection operates prospectively only, and the elected official may not receive credited service for service as an elected official while the waiver was in effect. There is no limit on the number of times an elected official may file a waiver or revocation under this subsection.
- (b) Service as an elected official before January 1, 1981, with an employer may be included retroactively as credited service with the plan if the elected official or former elected official makes retroactive contributions equal to what the official would have made if the elected official or former elected official had been included in the plan when the oath of office as an elected official was taken, plus accrued interest from

July 1, 1984. The rate used to calculate the retroactive contributions may not be less than the rate in effect on January 1, 1961. An elected official or former elected official may not receive credited service under this subsection for any period in which the elected official or former elected official was receiving a retirement benefit from the plan. An elected official or former elected official receiving a retirement benefit from the plan on January 1, 1981, is not eligible to claim credited service under this subsection unless the elected official or former elected official is reemployed as an active member. Service as an elected official with an employer constitutes employment as an active member as long as a waiver of coverage under (a) of this section is not in effect.

- (c) An elected official included in the plan and that person's employer are liable for contributions whenever that person is an elected official unless a waiver of coverage under (a) of this section is in effect.

REVISOR'S NOTES: In 2005, at the end of the first sentence of subsection (b) of this section, "plans" was substituted for "plan" to correct a manifest error.

Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in this section.

AMENDMENT NOTES: The 2008 amendment, effective July 1, 2008, substituted "AS 39.35.600 - 39.35.650" for "AS 39.35.550 - AS 39.35.650" in the first sentence of subsection (a).

EDITOR'S NOTES: Section 46, ch. 146, SLA 1980 provides: "AS 39.35.125 (a), as reenacted in Sec. 28 of this Act, applies to an elected official holding office on or after January 1, 1981, even though he may have assumed office before that date."

LEGISLATIVE HISTORY REPORTS: For purpose of the amendment made by sec. 87, ch. 21, SLA 2000 (CSHB 435(JUD)), see 2000 House Journal Supp. No. 10 (July 19, 2000).

NOTES TO DECISIONS: Relationship between elected officials and state. — This section clearly contemplates an employer-employee relationship between elected officials and the state in the context of a retirement system. State ex rel. Hammond v. Allen, 625 P.2d 844 (Alaska 1981).

Rights of elected officials in retirement systems. — There is no valid basis upon which to distinguish the rights of elected officials in the elected public officers retirement system from their rights in the public employees' retirement system in the context of Alaska Const., art. XII, Sec. 7. State ex rel. Hammond v. Allen, 625 P.2d 844 (Alaska 1981).

Sec. 39.35.131. Membership in Teachers' and Public Employees' Retirement Systems.

- (a) A person who is employed at least half-time in the plan during the same period that the person is employed at least half-time in a position in the teachers' retirement plan under AS 14.25.009 - 14.25.220 shall receive credited service under each plan for half-time employment. However, the amount of credited service a person receives under the plan during a school year may not exceed the amount necessary, when added to the amount of credited service earned during the school year under the teachers' retirement plan, to equal one year of credited service.
- (b) A person who was employed at least half-time in a position in the teachers' retirement plan under AS 14.25.009 - 14.25.220 in the same period that the person was employed at least half-time in a position in this plan may claim credited service in both plans for employment before May 31, 1989. To obtain this credited service, the person shall claim the service and verify the period of half-time employment. When eligibility for half-time service credit has been established, an indebtedness shall be determined to the retirement plan in which the person did not participate. The amount of the indebtedness is the full actuarial cost of providing benefits for the credited service claimed. Interest as prescribed by regulation accrues on that indebtedness beginning on the later of July 1, 1989, or the date on which the member is first eligible to claim the service. Any outstanding indebtedness existing at the time the person retires will require an actuarial adjustment to the benefits payable based on that service.

HISTORY: (Sec. 2 ch 58 SLA 1989; am Sec. 87 ch 9 FSSLA 2005)

REVISOR'S NOTES: Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in this section.

Sec. 39.35.150. Re-employment of Retired Employees.

- (a) If a retired employee subsequently becomes an active member, benefit payments may not be made during the period of re-employment. During the period of re-employment, deductions from the employee's salary shall be made in accordance with AS 39.35.160. Upon subsequent retirement, the retired employee is entitled to receive an additional pension based on the credited service and the average

monthly compensation earned during the period of re-employment in accordance with AS 39.35.370.

(b) **[Repealed July 1, 2009]**

(c) **[Repealed July 1, 2009]**

(d) If the initial benefit payments to which the retired member is eligible have been reduced because the member retired early under AS 39.35.370(b) or increased because the member elected to receive a level income option benefit under former AS 39.35.460, the member shall also receive an incremental benefit based on the amount of the reduction imposed by AS 39.35.370(b) or the increase under former AS 39.35.460 on the first benefit and the length of time that the employee was reemployed and not receiving retirement benefits. The amount of the incremental benefit is equal to the difference between the normal retirement benefit to which the member would have been entitled had the member taken a normal retirement and the early retirement benefit or benefit under the level income option that the member has been receiving based on the member's initial period of employment multiplied by the total number of months that the member did not receive retirement benefits because of reemployment and that amount actuarially adjusted to be paid over the expected lifetime of the member. In the case of a member who selected benefits under the level income option, the total number of months may not include any month in which the member was 65 years of age or older.

(e) A member who retired under AS 39.35.370(a) and participated in a retirement incentive program under ch. 26, SLA 1986; ch. 89, SLA 1989; ch. 65, SLA 1996; ch. 4, FSSLA 1996; or ch. 92, SLA 1997, who is subsequently reemployed as a commissioner may become an active member without losing the incentive credit provided under the applicable retirement incentive plan and is not subject to any related reemployment indebtedness.

The 2005 amendment, effective July 1, 2005, added the third through fifth sentences in subsection (b) and added subsections (f)-(h); and, effective July 1, 2009, repeals subsections (f)-(h).

LEGISLATIVE HISTORY REPORTS: For governor’s transmittal letter for ch. 15, SLA 2003 (HB 140), see 2003 House Journal 340 - 341.

AG OPINIONS: A retired state employee was considered “re-employed” by the state on a “regular full-time basis” if he were elected to the state legislature. 1965 Op. Att’y Gen., No. 4, issued prior to the 1977 amendment. But see AS 39.35.125.

A former territorial employee, retired under the Public Employees Retirement Act of 1949, was entitled to receive both his salary as a legislator and his retirement benefits while he served in the state legislature. 1965 Op. Att’y Gen., No. 4, issued prior to the 1977 amendment.

Any Public Employee Retirement System (PERS) member who became a member after July 1, 1977, who retires, returns to work, and re-retires, will receive two pensions, as calculated under this section. Any PERS member who became a member prior to July 1, 1977, will receive pension benefits as calculated under the pre-1977 version of this section. Sept. 12, 1999, Op Att’y Gen.

NOTES TO DECISIONS: Recapture not an “adjustment” under earlier provisions of AS 39.35.520. - Public Employees’ Retirement System Board’s recalculation of member benefits under earlier provisions of AS 39.35.150(a) was not an “adjustment” triggering application of earlier requirements of AS 39.35.520(b), which prohibits downward adjustments under certain circumstances. *Alford v. State*, 195 P.3d 118 (Alaska 2008).

Application of recapture requirement of earlier version of subsection (b) to early retirees’ benefits from their first round of employment with the state did not violate the anti-diminution provision of Alaska Const., art. XII, Sec. 7, because retirees’ net benefit from both rounds of employment increased, although their benefit from their first round of employment decreased. *Alford v. State*, 195 P.3d 118 (Alaska 2008).

A regular full-time civilian employee of the Alaska Army National Guard and Air National Guard, whose entire salary is paid from allotted federal funds, is included in this system, if the federal or state government pays the employer's contributions. If the amount that the federal government may legally contribute to the system is lower than the required employer's contribution, the state government shall contribute the difference. If the employer's contributions are not paid when due, service credit for the period of delinquency may not be granted until the contributions are paid.

LEGISLATIVE HISTORY REPORTS: For governor's transmittal letter for ch. 20, SLA 2007 (SB 123), proposing needed corrections and clarifications of statutes enacted as part of the 2005 legislation establishing defined contributions retirement plans and making related amendments to defined benefit retirement plans, see 2007 Senate Journal 567 - 570.

Sec. 39.35.160. Amount of Employee Contributions.

- (a) Beginning January 1, 1987, each peace officer or firefighter shall contribute to the plan an amount equal to seven and one-half percent of the peace officer's or firefighter's compensation. Except as provided in (d) of this section, beginning January 1, 1987, each other employee shall contribute to the plan an amount equal to six and three-quarters percent of the employee's compensation. The contributions shall be deducted by the employer at the end of each payroll period. The contributions shall be deducted from employee compensation before computation of applicable federal taxes, and the contributions shall be treated as employer contributions under 26 U.S.C. 414(h)(2). A member may not have the option of making the payroll deduction directly instead of having the contribution picked up by the employer.

The amount of the surcharge is the difference between the amount the employer would have had to contribute under AS 39.35.255 - 39.35.290 for the employee when treating the employee's credited service as service earned under AS 39.35.300(c) or 39.35.310(c) less the amount the employer would have had to contribute under AS 39.35.255 - 39.35.290 without treating the employee's credited service as service earned under AS 39.35.300(c) or 39.35.310(c).

- (d) The employer of a member who is employed by a school district, a regional educational attendance area, or a state boarding school who is assaulted while on the job and who, as a result of a physical injury from the assault, is placed on unpaid leave of absence or is receiving benefits under AS 23.30, shall pay the member's contributions under this section while the member is, as a result of the on-the-job injury, on unpaid leave or receiving the benefits under AS 23.30.

Sec. 39.35.165. Purchase of Credited Service.

- (a) An employee who is eligible to purchase credited service under AS 39.35.310, 39.35.330, 39.35.340, 39.35.342, 39.35.345, 39.35.360, or 39.35.370, a member who is eligible to purchase credited service under AS 39.35.375, or an elected public official who is eligible to purchase

credited service under AS 39.35.381 is an employee for purposes of this section. An employee may, in lieu of making payments directly to the plan, elect to have the employee's employer make payments as provided in this section.

- (b) An employee may elect to have the employer make payments for all or any portion of the amounts payable for the employee's purchase of credited service through a salary reduction program as follows:
 - (1) the amounts paid under a salary reduction program are in lieu of contributions by the employee making the election; the electing employee's salary or other compensation shall be reduced by the amount paid by the employer under this subsection;
 - (2) the employee shall make an irrevocable election under this section to purchase credited service as permitted in AS 39.35.310, 39.35.330, 39.35.340, 39.35.342, 39.35.345, 39.35.360, 39.35.370, 39.35.375, or 39.35.381 and before the employee's termination of employment; the irrevocable election must specify the number of payroll periods that deductions will be made from the employee's compensation and the dollar amount of deductions for each payroll period during the specified number of payroll periods; the deductions made under this paragraph cease upon the earlier of the member's termination of employment with the employer or the member's death; amounts paid by an employer under (f) of this section may not be applied toward the payment of the dollar amount of the deductions representing the portion of the credited service that is being purchased by the member through payroll deduction in accordance with the member's irrevocable election under this subsection;
 - (3) amounts paid by an employer under this subsection shall be treated as employer contributions for the purpose of determining tax treatment under the Internal Revenue Code; the amounts paid by the employer under this section may not be included in the member's gross income for income tax purposes until those amounts are distributed by refund or retirement benefit payments.
- (c) Unless otherwise provided, employee contributions paid by the employer under this section are treated for all other purposes under the plan in the same manner and to the same extent as employee contributions that are not paid by an employer under this section and AS 39.35.160. The plan may assess interest or administrative charges attributable to any salary reduction election made under this section.

The interest or administrative charges shall be added to the contribution that is made to the plan by the employee each payroll period, and that is paid by the employer. The interest or administrative charges may not be treated as employee contributions for any purposes under AS 39.35.095 - 39.35.680, and an employee or an employee's beneficiary does not have a right to the return of the interest or administrative charges. Interest assessed under this section shall be at the rate specified by regulations adopted by the board.

- (d) For plan fiscal years beginning on or after July 1, 2001, the requirements of AS 39.35.370(i) may not be applied to reduce the amount of credited service that may be purchased under this section by an employee who first becomes an employee of the plan before July 1, 2001, to an amount that is less than the amount of credited service allowed to be purchased with the application of any of the limits prescribed in 26 U.S.C. 415.
- (e) Contributions to the plan to purchase credited service do not qualify for treatment under this section if recognition of that service would cause an employee to receive a retirement benefit for the same service from the plan and from one or more other retirement plans or systems of the state.
- (f) The board may accept rollover contributions from a member. A rollover contribution as described in this subsection shall also be treated as employer contributions for the purpose of determining tax treatment under the Internal Revenue Code and may be made by any one or a combination of the following methods:
 - (1) subject to the limitations prescribed in 26 U.S.C. 401(a)(3) and 26 U.S.C. 402(c), accepting eligible rollover distributions directly from one or more eligible retirement plans as defined by 26 U.S.C. 402(c)(8)(B);
 - (2) subject to the limitations prescribed in 26 U.S.C. 403(b)(13), accepting direct trustee-to-trustee transfers of all or a portion of the accounts of the member, on or after January 1, 2002, from a tax sheltered annuity described in 26 U.S.C. 403(b);
 - (3) subject to the limitations prescribed in 26 U.S.C. 457(e)(17), accepting direct trustee-to-trustee transfers of all or a portion of the accounts of the member, on or after January 1, 2002, from an eligible deferred compensation plan of a tax-exempt organization or a state or local government described in 26 U.S.C. 457(b);

- (4) accepting direct trustee-to-trustee transfer from an account established for the benefit of the member in AS 39.30.150 - 39.30.180 (Alaska Supplemental Annuity Plan).
- (g) Payments made under this section shall be applied to reduce the employee's outstanding indebtedness described in AS 39.35.310, 39.35.330, 39.35.340, 39.35.342, 39.35.345, 39.35.360, 39.35.370, 39.35.375, or 39.35.381 at the time that the contributions are received by the plan.
- (h) If an employee retires before all payments are made under this section, the plan shall calculate the employee's benefits based only on the payments actually made with respect to the credited service purchased.
- (i) On satisfaction of the eligibility requirements of AS 39.35.310, 39.35.330, 39.35.340, 39.35.341, 39.35.345, 39.35.360, 39.35.370, 39.35.375, or 39.35.381, the requirements of this section, and the administrative filing requirements specified by the commissioner, the plan shall adjust the employee's credited service history and add any additional service credits acquired.
- (j) After an election is made under this section, the election is binding on and irrevocable for the employee and the employee's employer during the employee's remaining period of current employment, and the employee does not have the option of choosing to receive the contributed amounts directly in cash.

REVISOR'S NOTES: Under sec. 144, ch. 9, FSSLA 2005, in this section "plan" was substituted for "system" and "AS 39.35.095 - 39.35.680" was substituted for "this chapter".

AMENDMENT NOTES: The 2004 amendment, effective June 26, 2004, in subsection (b), rewrote paragraph (2) and deleted former paragraph (3), relating to the employer's payment for a portion of the employee's purchase of credited service, and made related changes; and rewrote subsection (f).

The 2005 amendment, effective June 30, 2010, deleted section references in subsections (a), (g), and (i) and paragraph (b)(2); and deleted "and direct transfers, as described in this subsection, for the purchase, in whole or in part, of credited service for the reinstatement, in whole or in part, of forfeited credited service under AS 39.35.350" from the end of the first sentence in subsection (f).

The 2007 amendment, effective June 7, 2007, substituted "eligible retirement plans as defined by 26 U.S.C. 402(c)(8)(B)" for "retirement programs of another employer that are qualified under 26 U.S.C. 401(a) or accepting rollovers directly from a member" in paragraph (f)(1), deleted former paragraph (f)(2), relating to member conduit rollover contributions, and made designation changes.

The 2007 amendment, effective July 1, 2010, deleted “and direct transfers, as described in this subsection, for the purchase, in whole or in part, of credited service for the reinstatement, in whole or in part, of forfeited credited service under AS 39.35.350” at the end of the first sentence of paragraph (f)(1), and deleted “or transfer” following “rollover contribution” in the second sentence of that paragraph.

EDITOR’S NOTES: Section 91, ch. 9, FSSLA 2005 was to have amended subsection (f) effective June 30, 2010, but Sec. 91, ch. 9, FSSLA 2005 was repealed by Sec. 116(c), ch. 20, SLA 2007, effective June 7, 2007.

Sec. 39.35.170. Employment Contributions Mandatory.

Contributions of employees shall be made by payroll deductions. Every included employee shall be considered to consent to payroll deductions. It is of no consequence that a payroll deduction may cause the compensation paid in cash to an employee to be reduced below the minimum required by law. Payment of an employee’s compensation, less payroll deductions, is a full and complete discharge and satisfaction of all claims and demands by the employee relating to remuneration of services during the period covered by the payment, except with respect to the benefits provided under the plan.

AG OPINIONS: Given AS 39.35.120(b) and this section, which make inclusion in the public employees retirement system (AS 39.35) a condition of employment for state employees and contributions to it mandatory, the conclusion is that the legislature intended the statutory provisions of the public employees retirement system to apply to all state employees, and benefits under the public employees retirement system may not be negotiated under the Public Employment Relations Act (AS 23.40.070 - 23.40.260). Sec. 39.35.180. Voluntary Contributions by Employee.

ARTICLE 05. CONTRIBUTIONS BY EMPLOYERS

Article Notes:

LEGISLATIVE HISTORY REPORTS: For governor's transmittal letter for ch. 20, SLA 2007 (SB 123), proposing needed corrections and clarifications of statutes enacted as part of the 2005 legislation establishing defined contributions retirement plans and making related amendments to defined benefit retirement plans, see 2007 Senate Journal 567 – 570.

Sec. 39.35.255. Contributions by Employers.

- (a) (a) Each employer shall contribute to the system every payroll period an amount calculated by applying a rate of 22 percent of the greater of the total of all base salaries
 - (1) paid by the employer to employees who are active members of the system, including any adjustments to contributions required by AS 39.35.520; or
 - (2) paid by the employer to employees who were active members of the system during the corresponding payroll period for the fiscal year ending
 - (A) June 30, 2008; or
 - (B) June 30, 2012, if that total is less than the total under (A) of this paragraph, and the employer is a municipality in which the population decreased by more than 25 percent between 2000 and 2010, according to the decennial census conducted by the United States Bureau of the Census.
- (b) The administrator shall allocate contributions received for full payment of
 - (1) the actuarially determined employer normal cost for the plan; and
 - (2) all contributions required by AS 39.30.370 and AS 39.35.750 for the fiscal year.
- (c) If, after allocation of contributions under (b) of this section, a portion of the employer contributions remains, the administrator shall apply

that remaining portion toward payment of the past service liability of the plan.

- (d) Notwithstanding (a) of this section, the annual employer contribution rate may not be less than the rate sufficient to allow payment of the employer normal cost and the employer contributions required under AS 39.30.370 and AS 39.35.750.
- (e) An employer of a retired member rehired under AS 39.35.150 shall include that member's base salary when calculating the contribution amount established in (a) of this section.
- (f) All or a portion of the employer's share of any accrued actuarial liability to the plan may be prepaid in a lump sum. The commissioner may, by regulation, establish a minimum amount for the lump sum payment of a portion. The commissioner shall charge to the employer appropriate and reasonable costs to the plan attributable to a lump sum payment that are not greater than administrative costs applied to other employer contributions. If a lump sum payment is made, the payment shall be accounted for separately in accordance with regulations adopted by the commissioner. The regulations must provide for crediting to each lump sum payment account all earnings and losses received from investment of that payment. The lump sum payment shall be used solely to offset contributions under this section required of the employer that made the payment or on whose behalf the payment was made, taking into account earnings and losses from its investment. A lump sum payment made by or on behalf of an employer under this subsection, together with all earnings and losses from investment of that payment, may not be considered in calculating that employer's share of any discretionary payment authorized by the state that benefits multiple employers.
- (g) If all or a portion of the employer's share of any accrued actuarial liability to the plan is prepaid in a lump sum under (f) of this section, the administrator shall calculate a revised employer contribution rate for that employer in recognition of that prepayment not more than 30 days following the prepayment.
- (h) In this section, "normal cost" means the cost of providing the benefits expected to be credited, with respect to service, to all active members of the plan during the year beginning after the last valuation date.

Article Notes:

ADMINISTRATIVE CODE: For service under the defined benefit plan, see 2 AAC 35, art. 4.

Sec. 39.35.300. Employment with the State.

- (a) An active employee is entitled to credited service for periods of employment with the state after January 1, 1961, regardless of the office, department, division, or agency of the state in which the person was employed. For purposes of AS 39.35.095 - 39.35.680, the University of Alaska is not an office, department, division, or agency of the state. Service credit may not be granted under AS 39.35.095 - 39.35.680 for service that is creditable under the teachers' retirement system, AS 14.25, or for a person's service as a public officer, as defined in AS 39.52.960, a legislator, or a legislative director, if the service occurs on or after the date the person commits a criminal offense from which a pension forfeiture under AS 37.10.310 results.
- (b) A permanent part-time employee of the state receives credited service on a pro rata basis to that which would have been earned as a permanent full-time employee.
- (c) A noncertificated employee of the Alaska Vocational Technical Center or a state boarding school who first becomes a member of the plan on or after July 1, 1999, may, within 90 days after the employee first joins the plan, make an election under this subsection to have the years of service that the employee earns as a noncertificated employee determined using the table for service on or after July 1, 1969, that is set out in the definition of "year of service" in AS 14.25.220. A noncertificated employee of the Alaska Vocational Technical Center or a state boarding school who is an active member of the plan on July 1, 1999, may, within 180 days after July 1, 1999, make the election. A member of the plan who is an inactive member on July 1, 1999, and who is later employed as a noncertificated employee of the Alaska Vocational Technical Center or a state boarding school may, within 90 days after beginning the subsequent employment, make the election. An election under this subsection is irrevocable except as

provided in (d) of this section and shall be made in writing on a form provided by the administrator. The election applies to the employee's service earned for the school year in which the election is accepted by the administrator and applies to all subsequent employment as a noncertificated employee of a state boarding school, a school district or regional educational attendance area, the special education service agency, or the Alaska Vocational Technical Center. An employee who makes an election under this subsection shall pay the contribution surcharge as set out in AS 39.35.160(c).

- (d) A noncertificated employee who has made an election under (c) of this section and who thereafter changes employment status from working for less than a full year, whether part-time or full time, to working for a full year, whether part-time or full-time, may, between July 1 and September 30, revoke the election and cease payment of the contribution surcharge. A revocation under this subsection is retroactive to July 1 of the school year, as defined in AS 14.25.220, in which the revocation is made.
- (e) A noncertificated employee who has not made an election under (c) of this section who changes employment status from working for a full year, whether part-time or full-time, to working for less than a full year, whether part-time or full-time, may, between July 1 and September 30, make the election and begin paying the contribution surcharge. The election is retroactive to July 1 of the school year, as defined in AS 14.25.220, in which the election is made.

Sec. 39.35.310. Employment with Other Employers.

- (a) An active employee is entitled to credited service for periods of employment with a political subdivision or a public organization beginning with the effective date of the employer's participation in the plan. The employee is also entitled to credited service for periods of employment as designated in the employer's participation agreement.
- (b) A permanent part-time employee of a political subdivision or a public organization receives credited service on a basis proportionate to that which would have been earned as a permanent full-time employee.
- (c) A noncertificated employee of a school district, a regional educational attendance area, or the special education service agency who first becomes a member of the plan on or after July 1, 1999, may, within 90 days after the employee first joins the plan, make an election under this subsection to have the years of service that the employee earns as a noncertificated employee determined using the table for service on or after July 1, 1969, that is set out in the definition of "year of service" in AS 14.25.220. A noncertificated employee of a school district, a regional educational attendance area, or the special education service agency who is an active member of the plan on July 1, 1999, may, within 180 days after July 1, 1999, make the election. A member of the plan who is an inactive member on July 1, 1999, and who later is employed as a noncertificated employee of a school district, a regional educational attendance area, or the special education service agency may, within 90 days after beginning the subsequent employment, make the election. An election under this subsection is irrevocable except as provided in (d) of this section and shall be made in writing on a form provided by the administrator. The election applies to the employee's service earned for the school year in which the election is accepted by the administrator and applies to all subsequent employment as a noncertificated employee of a state boarding school, a school district or regional educational attendance area, the special education service agency, or the Alaska Vocational Technical Center. An employee who makes an election under this subsection shall pay the contribution surcharge as set out in AS 39.35.160(c).
- (d) A noncertificated employee who has made an election under (c) of this section and who thereafter changes employment status from working for less than a full year, whether part-time or full-time, to working for a full year, whether part-time or full-time, may, between

July 1 and September 30, revoke the election and cease payment of the contribution surcharge. A revocation under this subsection is retroactive to the beginning of the school year, as defined in AS 14.25.220, in which the revocation was made.

- (e) A noncertificated employee who has not made an election under (c) of this section who changes employment status from working for a full year, whether part-time or full-time, to working for less than a full year may, between July 1 and September 30, make the election and begin paying the contribution surcharge. The election is retroactive to July 1 of the school year, as defined in AS 14.25.220, in which the election was made.

Sec. 39.35.330. Leave of Absence.

- (a) A leave of absence with pay authorized by an employer is not considered as interrupting employment. If the employee is a permanent part-time employee, credited service shall be granted on a basis proportionate to that which would have been earned as a permanent full-time employee.
- (b) A leave or leaves of absence without pay exceeding 10 accumulated working days in any calendar year or layoff status authorized by an employer shall be considered as an interruption of employment and credited service may not be granted.
- (c) Notwithstanding (b) of this section, an employee who takes more than 10 days leave of absence without pay in a calendar year because the employee is unable to work due to an on-the-job injury or occupational illness for which the employee is receiving benefits under AS 23.30 may elect to receive credited service for the time on leave of absence without pay status. When an employee elects to receive credited service under this subsection, an indebtedness is established. The amount of the indebtedness is equal to the contributions that the employee would have made if the employee had been working, less the sum of

contributions that the employee made for those periods of time and an amount equal to contributions that would have been made for the first 10 days of leave without pay. Interest as prescribed by regulation accrues on the indebtedness beginning on the date that the employee returns to work or terminates employment. If there is an outstanding indebtedness at the time the employee is appointed to retirement, benefits shall be actuarially adjusted.

- (d) An employee of a school district, a regional educational attendance area, or a state boarding school who is assaulted while on the job and who, as a result of a physical injury from the assault, is placed on leave without pay, whether or not the employee receives workers' compensation benefits under AS 23.30 for the injury, is entitled to accrue credited service while the employee, because of the injury, is on leave-without-pay status or is receiving the benefits under AS 23.30. Entitlement to credited service under this subsection ends when the employee is eligible to receive benefits under AS 39.35.370(a) or 39.35.410(a).

Sec. 39.35.340. Military Service.

- (a) A vested employee is entitled to credited service for active military service in the armed forces of the United States, either by enlistment or induction, if the employee received a discharge under honorable conditions and is not entitled to receive retirement benefits from the United States government for the same service. The credited service allowed may not exceed an aggregate period of five years. Benefits are not payable on credited service for military service unless the employee makes retroactive contributions to the plan for the period of time that service credit is claimed. However, if the employee was in the employ of an employer on the date of entry into the armed forces and returned to the employ of an employer within 90 days after the date of discharge from military service, the employee is not required to make retroactive contributions under this plan for the period of credited service.

- (b) In order to obtain credited service under this section, an employee shall make an election to do so and shall verify the period of military service. When eligibility for credited service for military service has been established, an indebtedness shall be determined as follows:
- (1) determine the employee's actual compensation, or the calculated annual compensation for those employees working less than 12 months, during the calendar year 1976 or the year in which an employee first becomes vested under AS 39.35.095 — 39.35.680, whichever is later;
 - (2) multiply the amount determined under (1) of this subsection by the number of years of military service credited under this section;
 - (3) multiply the product determined under (2) of this subsection by six percent for members who are first eligible to claim this military service before January 1, 1987, or eight and one-half percent for members who are first eligible to claim this military service on or after January 1, 1987.
- (c) A retired employee on July 1, 1976, is eligible to receive increased benefits based upon military service as described in (a) of this section. To receive credited service for military service, a retired employee shall verify the military service. When verified, a retired employee is entitled to receive an increased benefit that shall be actuarially adjusted to reflect the employee's indebtedness for that credit. The indebtedness shall be calculated in the same manner as described in (b) of this section except that it shall be based on the average monthly compensation used in calculating the benefit. The effective date of this increased benefit is the beginning of the month following that in which eligibility has been established. The credited service granted under this section may not be used to satisfy the credited service requirements for normal retirement.
- (d) The credited service granted under this section may not be used to satisfy the credited service requirements for normal retirement.
- (e) A deferred vested employee on July 1, 1976, is eligible to claim credited service under (a) of this section. In order to obtain credited service under this section, such an employee shall make an election to do so and shall verify the period of military service. When eligibility for military service has been established, an indebtedness shall be determined as follows: the employee's actual compensation, or the calculated annual compensation for those employees working less

than 12 months, during the calendar year the employee terminated, shall be multiplied by six percent; this product shall then be multiplied by the number of years of military service credit under this section. Interest as prescribed by regulation accrues on this indebtedness commencing July 1, 1978. Any outstanding indebtedness that exists at the time a person is appointed to retirement necessitates an actuarial adjustment to the benefits payable based upon that military service.

- (f) An employee may not be credited with a period of active military service in the armed forces of the United States under this section if credit for that military service was granted under AS 14.25.009 - 14.25.220.
- (g) A surviving spouse receiving or entitled to receive benefits under AS 39.35.420(b), 39.35.430, or 39.35.440 or benefits under a joint and survivor option filed under AS 39.35.450 is eligible to receive increased benefits based on military service as described in (a) of this section. To receive credited service for military service, the surviving spouse shall verify the employee's military service. When verified, the surviving spouse is entitled to receive an increased benefit which shall be actuarially adjusted to reflect the indebtedness for that credit. The indebtedness shall be calculated in the same manner as described in (b) of this section except that it shall be based on the average monthly compensation used in calculating the benefit. Benefits payable under this subsection are effective the first day of the month following that in which eligibility has been established.
- (h) The combined period of military service claimed under this section and under AS 14.25.009 - 14.25.220 may not exceed five years.
- (i) Notwithstanding (d) of this section, a member who retires as a peace officer or firefighter may elect to use five or fewer years of credited service granted under this section in computing years of credited service under AS 39.35.535(c). When eligibility for credited service for military service has been established and an election under this subsection has been made, an indebtedness in addition to the indebtedness determined under (b) of this section shall be determined for each year of military service used under this subsection, in an amount based on the increase, if any, in the present value of future benefits for that year as determined by the department.
- (j) For indebtedness determined under this section, interest as prescribed by regulation accrues beginning on July 1, 1977, or one year following the date a person first becomes vested, whichever is later. An outstanding indebtedness for pension benefits that exists at the time

a person is appointed to retirement necessitates an actuarial adjustment to the pension benefits payable based on credited military service.

(k) Credited service under (a) of this section includes service as a

- (1) foreign service officer, a foreign service reserve officer, or a limited foreign service reserve officer with the United States Department of State in Vietnam, Cambodia, or Laos from August 4, 1964, through November 7, 1975; and
- (2) member of the United States Merchant Marine Service from December 7, 1941, through September 30, 1945.

EDITOR'S NOTES: Section 55, ch. 82, SLA 1986, provides that notwithstanding (b) or (e) of this section, interest did not accrue on service claimed under (i) of this section "until July 1, 1987, or one year following the date on which a person first becomes vested, whichever is later."

Section 56, ch. 82, SLA 1986, provides that "retired employees, deferred vested employees, and surviving spouses on July 1, 1986, are entitled to claim credited service or increased benefits for service claimed under (i) of this section in accordance with (c), (e) and (g) of this section."

Section 57, ch. 82, SLA 1986 provides: "Sections 16, 22-23, 25-27, 42-45, and 50 of this Act apply only to members first hired under the Public Employees' Retirement System after June 30, 1986."

- (a) A vested employee is entitled to credited service for employment as a village public safety officer under the program established under AS 18.65.670 for which the employee has not otherwise received credited service under this plan. An employee is not entitled to credited service for employment as a village public safety officer unless the employee was employed as a village public safety officer for at least one year. The credited service claimed under this section may not exceed five years. Benefits are not payable on credited service for village public safety officer service under this section unless the employee makes retroactive contributions to the plan for the period of time that service credit is claimed.
- (b) In order to obtain credited service under this section, an employee shall make an election to do so and shall verify the period of service as a village public safety officer. When eligibility for credited service for village public safety officer service has been established, an indebtedness shall be determined. The amount of the indebtedness is equal to the full actuarial cost of providing benefits based on the service as a village public safety officer. Interest as prescribed by regulation accrues on this indebtedness beginning on the date the actuarial cost is established. Any outstanding indebtedness that exists at the time a person is appointed to retirement necessitates an actuarial adjustment to the benefits payable based upon service as a village public safety officer.
- (c) The credited service granted under this section may not be used to satisfy the credited service requirements for normal retirement.
- (d) An employee is not entitled to credited service under this section if the employee is entitled to receive retirement benefits from another employer for the same service under a retirement plan that provides benefits based on defined benefits.

The 2004 amendment, effective June 26, 2004, in subsection (a), deleted: “Except for employment for which the employee waived coverage under AS 39.35.127” at the beginning, and inserted the third sentence.

Sec. 39.35.345. Temporary Service Credit.

- (a) A vested employee is entitled to credited service for periods in which the employee regularly rendered full-time personal service to an employer but was not qualified to participate in the plan because of the exclusion of temporary workers as described in AS 39.35.680(22)(C)(iii). Benefits are not payable on this credited service unless the employee makes retroactive contributions to the plan for the period of time that credited service is claimed. The retroactive contribution is the full actuarial cost of providing benefits for the credited service claimed.
- (b) To obtain credited service under this section, an employee shall elect to do so and shall verify the period of temporary service. When eligibility for temporary service credit has been established, an indebtedness shall be determined as provided in (a) of this section. Any outstanding indebtedness existing at the time an employee retires requires an actuarial adjustment to the benefits payable based on the temporary service. Interest as prescribed by regulation accrues on the indebtedness beginning
 - (1) July 1, 1981, or one year following the date the employee first becomes vested, whichever is later, for an employee who claims temporary service credit no more than one year after the employee becomes vested;
 - (2) the date of vesting, for an employee who becomes vested after June 30, 1980, who is claiming temporary service credit more than one year after vesting for service performed before the employee vested;

- (3) July 1, 1980, for an employee who became vested before July 1, 1980, who is claiming temporary service credit after June 30, 1981, for service performed before July 1, 1980;
 - (4) one year after completing the temporary service, for an employee who was vested on the last day of employment as a temporary employee and who claims the temporary service no more than one year after completing the service;
 - (5) on the date of completing the temporary service, for an employee who was vested on the last day of employment as a temporary employee and who claims temporary service more than one year after completing the service.
- (c) A deferred vested employee on July 1, 1980, is eligible to claim credited service under (a) of this section. To obtain credited service under this section, a deferred vested employee shall elect to do so and shall verify the period of temporary service. When eligibility for temporary service credit has been established, an indebtedness shall be determined as provided in (a) of this section. Interest as prescribed by regulation accrues on that indebtedness beginning July 1, 1981. Any outstanding indebtedness existing at the time a deferred vested employee retires requires an actuarial adjustment to the benefits payable based on the temporary service.
- (d) An employee may choose whether the credited service granted under this section is used to satisfy the credited service requirements for normal retirement under AS 39.35.370(a)(2) or (3) or 39.35.385(f) or is only used for the calculation of benefits. An election under this subsection is irrevocable and applies to all temporary credited service that the employee has accrued when the employee retires. An election under this subsection does not change the date that an employee is considered to have commenced participation in the plan under AS 39.35.120.
- (e) Notwithstanding the requirement in (a) of this section that an employee be vested to claim credited service under this section, for purposes of a conditional service retirement benefit under AS 39.35.385(f), an employee may claim credited service under this section for temporary legislative employment before July 1, 1979, for which the employee has not received credited service under AS 39.35.360(g).

Sec. 39.35.360. Earlier Service.

- (a) An employee who completes three years of credited service with the state after January 1, 1961, for which the employee makes contributions required by AS 39.35.095 - 39.35.680 is entitled to credited service for service rendered (1) before January 1, 1961, as an employee of the state and former Territory of Alaska; (2) before January 1, 1961, as an employee of the United States government in Alaska, excluding service in the armed forces of the United States; (3) after January 1, 1961, as a peace officer, correctional officer, or firefighter of a participating political subdivision of the state if the employee is vested and is an active peace officer, correctional officer, or firefighter in the plan on or before January 1, 1983; or (4) after January 1, 1961, as a special officer commissioned by the state troopers if the employee has not otherwise received credit for the service and if the employee was employed on or before January 1, 1983, is vested, and has been an active special officer, peace officer, correctional officer, or firefighter in the plan. The retirement benefits payable to an employee under this section shall be reduced by the amount of the retirement pension benefits paid to the employee by the United States government for the same period of service.
- (b) An employee who, under (a) of this section, is entitled to credited service for employment before January 1, 1961, is not required to make retroactive contributions under AS 39.35.095 - 39.35.680.
- (c) **[Repealed 1980]**
- (d) **[Repealed 1974]**

- (e) An employee of a detention facility provided by a local government unit to the territorial or state government under AS 33.30.031 or former AS 33.30.060, who continues in state employment upon transfer of the facility to the state, is entitled to credited service for prior service with the facility if the employee remains in continuous employment with the state until July 1, 1976. To obtain credited service the employee is required to make retroactive contributions for the period of service between January 1, 1961, and the effective date of the transfer of the facility to the state.
- (f) A surviving spouse receiving or entitled to receive a surviving spouse's pension under AS 39.35.440 or benefits under a joint and survivor option filed under AS 39.35.450 is eligible for increased benefits for any service credit authorized under (a) of this section, but not claimed or authorized by law before the employee's death.
- (g) An employee is eligible to receive up to 10 years of credited service for service rendered before July 1, 1979, as a temporary employee of the legislature of the state or territory during legislative sessions. To receive retroactive credited service under this subsection, an employee shall claim the service before July 1, 2003, or before retiring, whichever occurs first. When the employee claims the service, an indebtedness of the employee to the plan shall be established. For benefits that do not vary based on the amount of retroactive credited service, the indebtedness shall be established on the date the employee claims the credit, with interest accruing on the indebtedness beginning July 1, 2003. For benefits that vary based on the amount of retroactive credited service, the indebtedness shall be established on the date the employee retires, with interest accruing on the indebtedness beginning on the date of retirement. Any outstanding indebtedness that exists at the time the employee retires requires an actuarial adjustment to the benefits that are based upon retroactive credited service under this subsection.
- (h) An employee of the state is eligible to receive credited service under AS 39.35.300(b) for service rendered as a permanent part-time employee before January 1, 1976. When the employee claims retroactive credited service, an indebtedness of the employee to the plan shall be established. The amount of this indebtedness is equal to the contributions the employee would have made if the employee had been eligible for membership in the plan. The rate used to calculate the contributions may not be less than the rate in effect on January 1, 1961. Interest as prescribed by regulation accrues on the

indebtedness beginning July 1, 1981, for employees claiming the service before that date, and beginning July 1, 1980, for employees claiming the service on or after July 1, 1981. Any outstanding indebtedness that exists at the time the employee retires requires an actuarial adjustment to the benefits that are based on retroactive credited service under this subsection.

- (i) An employee who completes three years of credited service with an employer, for which the employee makes contributions required by AS 39.35.095 - 39.35.680, is entitled to credited service on a year-for-year basis for service credited in the Civil Service Retirement System, rendered as an employee of an Alaska Bureau of Indian Affairs (BIA) school, other than service as a teacher. When eligibility for retroactive credited service under this subsection has been established, an indebtedness of the employee to the plan shall be determined as follows: (1) the employee's actual annual compensation, or the calculated annual compensation for an employee who works fewer than 12 months, for the most recent calendar year in which service is rendered to an employer before the calendar year in which the employee first becomes eligible to claim service under this subsection, multiplied by (2) the number of years of service in Alaska BIA schools that is credited under this subsection, and this product multiplied by (3) six percent for employees first eligible to claim this service before January 1, 1987, or eight and one-half percent for employees first eligible to claim this service on or after January 1, 1987. Interest as prescribed by regulation accrues on the indebtedness beginning on the date the employee may first claim the retroactive credited service. Any outstanding indebtedness that exists at the time the employee retires requires an actuarial adjustment to the benefits that are based on retroactive credited service under this subsection. A retirement benefit payable under this subsection for Alaska BIA service shall be reduced by an amount equal to the retirement benefits paid to the member by the United States government for the same service.
- (j) An employee who has not completed three years of credited service with an employer may claim credited service as an employee of an Alaska Bureau of Indian Affairs (BIA) school, other than service as a teacher under (i) of this section if, on the date of transfer of the Alaska BIA school to the state, the employee is employed at the school and needs fewer than three additional years of continuous full-time employment for normal retirement in the federal Civil Service Retirement System, and the employee completes a period of service with an employer, for which the employer makes contributions

required by AS 39.35.095 - 39.35.680, equal to the additional period of service that would have been required for that employee's normal retirement under the federal Civil Service Retirement System. An employee who claims credited service under this subsection shall provide federal government verification of the employee's federal Civil Service Retirement System status when the claim is filed.

- (k) A vested member is eligible to receive credited service for employment after January 1, 1961, as a peace officer or firefighter in a municipality that is an employer under this plan but that was not an employer at the time of the employment. A vested member who claims retroactive credited service on or after July 1, 1988, is indebted to the plan. The amount of the indebtedness is the full actuarial cost of providing benefits for the credited service claimed. Interest as established by regulation accrues on the indebtedness under this subsection beginning the first of the month following establishment of the indebtedness. Any outstanding indebtedness that exists at the time the officer or firefighter retires requires an actuarial adjustment to the benefits that are based on retroactive credited service under this subsection.
- (l) An administrative director of the Alaska Court System who withdraws from the judicial retirement system under AS 22.25.012(b) is eligible for membership in the plan and shall receive credited service in this plan for service rendered as administrative director. To be eligible for membership in this plan under this subsection, the administrative director must contribute to the plan
 - (1) the amount that would have been contributed if the administrative director had been a member during the period of the membership in the judicial retirement system; and
 - (2) any contributions for service as administrative director refunded from the plan at the time the administrative director became a member of the judicial retirement system.

NOTES TO DECISIONS: Vested benefits. — Benefits under Public Employees' Retirement System are in the nature of deferred compensation and the right to such benefits vests immediately upon an employee's enrollment in that system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981).

The vested benefits protected by Alaska Const., art. XII, Sec. 7, necessarily include not only the dollar amount of the benefits payable, but the requirements for eligibility as well. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981).

The fact that rights in Public Employees' Retirement System vest on employment does not preclude modifications of the system; that fact does, however, require that any changes in the system that operate to a given employee's disadvantage must be offset by comparable new advantages to that employee. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981).

Sec. 39.35.370. Retirement Benefits.

- (a) Subject to AS 39.35.450, a terminated employee is eligible for a normal retirement benefit
 - (1) at age 60 with at least five years credited service;
 - (2) with at least 20 years of credited service as a peace officer or firefighter; or
 - (3) with at least 30 years of credited service for all other employees.
- (b) Subject to AS 39.35.450, a terminated employee is eligible for an early retirement benefit at age 55 with at least five years credited service. An actuarial adjustment shall be made to retirement benefits paid under this section for an early retirement benefit. The monthly amount of a retirement benefit that would be due under (c) of this section shall be reduced by multiplying one-half of one percent times the number of months, to the nearest month, by which the retirement date of the employee falls short of the date that the employee reaches age 60.

- (c) The monthly amount of a retirement benefit for a peace officer or firefighter is two percent of the average monthly compensation times the years of credited service through 10 years, plus two and one-half percent of the average monthly compensation times the years of service over 10 years. For all other employees it is
 - (1) two percent of the average monthly compensation times all years of service before July 1, 1986, and for years of service through a total of 10 years; plus
 - (2) two and one-quarter percent of the average monthly compensation times all years of service after June 30, 1986, over 10 years of total service through 20 years; plus
 - (3) two and one-half percent of the average monthly compensation times all years of service after June 30, 1986, over 20 years of total service.
- (d) The monthly amount of a retirement benefit for a deferred vested member shall be determined in accordance with (c) of this section as it was in effect on the date of the employee's termination of employment.
- (e) Benefits payable under this section accrue from the first day of the month after which all of the following requirements are met: (1) the member meets the eligibility requirements of this section; (2) the member terminates employment; and (3) the member applies for retirement. The benefits are payable the last day of the month. If payment is delayed, a retroactive payment shall be made to cover the period of deferment. The last payment shall be made for the month in which a benefit is payable under this section.
- (f) A member who is vested in the plan as a peace officer or firefighter at the time the member incurs a permanent disability of at least 33 1/3 percent under workers' compensation and who (1) undergoes retraining because of the disability; and (2) is subsequently employed with the state or other employer in a position other than peace officer or firefighter, is eligible for a normal retirement benefit as a peace officer or firefighter under (a) and (c) of this section upon completing 20 years of credited service.
- (g) When an employee who was employed as a dispatcher in a state trooper office or in a police or fire department in the plan applies for appointment to retirement, the employee may convert the credited service for that position to credited service as a peace officer by

claiming the service as peace officer service. An employee who has converted credited service to peace officer service under this subsection shall be treated as a peace officer for purposes of AS 39.35.095 - 39.35.680. When the member claims this credited service as peace officer service, an indebtedness of the member to the plan shall be established. The indebtedness is equal to the full actuarial cost of the conversion of the credited service to treatment as peace officer service. Any outstanding indebtedness that exists at the time the member is appointed to retirement shall require an actuarial adjustment to the benefits payable based upon the conversion of the credited service.

- (h) When an employee applies for appointment to retirement in the plan, the employee may convert the credited service to which this subsection applies to credited service as a peace officer by claiming the service as peace officer service. This subsection applies to credited service as an employee of a state correctional facility, other than as a correctional officer or correctional superintendent. This subsection also applies to credited service as an employee of the Department of Corrections in a management position in the division that has responsibility for institutions or the division that has responsibility for community corrections if the employee also has at least five years of credited service as a probation officer, correctional officer, assistant correctional superintendent, or correctional superintendent at a state correctional facility. An employee who has converted credited service to peace officer service under this subsection shall be treated as a peace officer for purposes of AS 39.35.095 - 39.35.680. When the member claims this credited service as peace officer service, an indebtedness of the member to the plan shall be established. The indebtedness is equal to the full actuarial cost of the conversion of the credited service to treatment as peace officer service. Any outstanding indebtedness that exists at the time the member is appointed to retirement will require an actuarial adjustment to the benefits payable based upon the conversion of the credited service. In this subsection,
 - (1) “correctional facility” has the meaning given in AS 33.30.901; and
 - (2) “management position” includes positions as division director, deputy director, and assistant director.
- (i) For plan fiscal years beginning after December 31, 1975, and notwithstanding any other provision of AS 39.35.095 - 39.35.680, the projected annual benefit provided by AS 39.35.095 - 39.35.680 and

the benefit from all other defined benefit plans required to be aggregated with the benefits from this plan under the provisions of 26 U.S.C. 415 may not increase to an amount in excess of the amount permitted under 26 U.S.C. 415 at any time. In the event that any projected annual benefit of a member exceeds the limitation of 26 U.S.C. 415(g) for a limitation year, the plan shall take any necessary remedial action to correct an excess accrued annual benefit. The provisions of 26 U.S.C. 415, and the regulations adopted under that statute, as applied to qualified defined benefit plans of governmental employers are incorporated as part of the terms and conditions of the plan. This subsection applies to any member of this plan.

(j) Notwithstanding (c) of this section,

- (1) for the plan fiscal years beginning on or after January 1, 1996, the annual compensation of a member who joined the plan after the first day of the first plan fiscal year beginning after December 31, 1995, that is used to calculate the member's average monthly compensation may not exceed \$150,000, as adjusted for the cost of living in accordance with 26 U.S.C. 401(a)(17)(B);
- (2) for the plan fiscal years beginning on or after January 1, 2002, the annual compensation limitation for such a member, which is so taken into account for such a member which is so taken into account for such purposes, may not exceed \$200,000, as adjusted for the cost of living in accordance with 26 U.S.C. 401(a)(17)(B);
- (3) the cost-of-living adjustment in effect for a calendar year applies in this subsection to a determination period beginning in the calendar year.

The 2005 amendment, effective July 28, 2005, in subsection (g) substituted “plan” for “public employees’ retirement system” in the first sentence, “AS 39.35.095 - 39.35.680” for “this chapter” in the second sentence, “plan” for “system” in the third sentence, and “shall require” for “will require” in the last sentence.

The 2007 amendment, effective June 7, 2007, repealed subsection (k).

EDITOR’S NOTES: In general, a person’s right to benefits under the state’s public employee retirement systems vests when the person joins the system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981). Therefore, former law may govern the benefits of some members of the public employees’ retirement system. The user is advised to ascertain which version of the statute is applicable. Earlier versions of the statutes can be found in prior editions of the Alaska Statutes or in the published Session Laws of Alaska.

Section 57, ch. 82, SLA 1986 provides: “Sections 16, 22-23, 25-27, 42-45, and 50 of this Act apply only to members first hired under the Public Employees’ Retirement System after June 30, 1986.”

Section 44, ch. 4, FSSLA 1996 provides that nothing in that Act, which amended subsection (b), “modifies or terminates the terms of a collective bargaining agreement in effect on July 1, 1996.” Under Sec. 45, ch. 4, FSSLA 1996, the provisions of that Act, which amended subsection (b), are not severable, notwithstanding AS 01.10.030.

DECISIONS: Restricted use of employment credits. — The phrase “credit for employment” as used in Sec. 7, ch. 89, SLA 1989, cannot be combined with age to determine a member’s eligibility for retirement benefits; rather, Sec. 7 employment credits can only be applied according to their intended use: to determine years of service requirements in the overall determination of a member’s eligibility for retirement. *Johnson v. Public Employees Retirement Bd.*, 848 P.2d 263 (Alaska 1993).

Constitutionality of cost-of-living allowance. — Limiting cost-of-living allowance (COLA) payments to resident retirees does not violate the Equal Protection Clause of the Alaska Constitution. *Pub. Emples. Ret. Sys. v. Gallant*, 153 P.3d 346 (Alaska 2007).

Cashed-in leave. — Before the Alaska Legislature amended former AS 39.35.680(4) in 1977, by 1977 SLA ch. 128, Sec. 54 (which did specifically exclude cashed-in leave while said statute was silent on the subject), neither by law nor by practice did a former state employee, hired in 1969, acquire a right to have his cashed-in leave included as part of his compensation, and he therefore had no right that could have been impaired when the legislature excluded cashed-in leave from the definition of compensation; accordingly, the Alaska Public Employees’ Retirement Board’s refusal to allow the former state employee to include his

cashied-in leave when calculating his retirement benefits did not violate Alaska Const. art. XII, Sec. 7. *McMullen v. Bell*, 128 P.3d 186 (Alaska 2006).

Sec. 39.35.371. Distribution Requirements.

- (a) The entire interest of a member must be distributed or must begin to be distributed not later than the member's required beginning date.
- (b) If a member dies after the distribution of the member's interest has begun but before the distribution has been completed, the remaining portion of the interest shall continue to be distributed at least as rapidly as under the method of distribution being used before the member's death.
- (c) If a member has made a distribution election and dies before the distribution of the member's interest begins, distribution of the member's entire interest shall be completed by December 31 of the calendar year containing the fifth anniversary of the member's death. However, if any portion of the member's interest is payable to a designated beneficiary, distributions may be made over the life of the designated beneficiary or over a period not greater than the life expectancy of the designated beneficiary, commencing on or before December 31 of the calendar year immediately following the calendar year in which the member died, and if the designated beneficiary is the member's surviving spouse, the date distributions are required to begin may not be earlier than the later of December 31 of the calendar year (1) immediately following the calendar year in which the member died, or (2) in which the member would have attained 70 1/2 years of age, whichever is earlier. If the surviving spouse dies after the member but before payments to the spouse have begun, the provisions of this subsection apply as if the surviving spouse were the member. An amount paid to a child of the member will be treated as if it were paid to the surviving spouse if the amount becomes payable to the surviving spouse when the child reaches the age of majority.

- (d) If a member has not made a distribution election before the member's death, the member's designated beneficiary must elect the method of distribution not later than December 31 of the calendar year (1) in which distributions would be required to begin under this section, or (2) that contains the fifth anniversary of the date of death of the member, whichever is earlier. If the member does not have a designated beneficiary or if the designated beneficiary does not elect a method of distribution, distribution of the member's entire interest must be completed by December 31 of the calendar year containing the fifth anniversary of the member's death.
- (e) For purposes of (c) of this section, distribution of a member's interest is considered to begin (1) on the member's required beginning date, or (2) if the designated beneficiary is the member's surviving spouse and the surviving spouse dies after the member but before payments to the spouse have begun, on the date distribution is required to begin to the surviving spouse. If distribution in the form of an annuity irrevocably commences to the member before the required beginning date, the date distribution is considered to begin is the date that the distribution actually commences.
- (f) Notwithstanding any contrary provisions of AS 39.35.095 - 39.35.680, the requirements of this section apply to all distributions of a member's interest and take precedence over any inconsistent provisions of AS 39.35.095 - 39.35.680.
- (g) All distributions required under this section are determined and made in accordance with 26 U.S.C. 401(a)(9) and regulations adopted under that statute, including any minimum distribution incidental benefit requirement.
- (h) Unless otherwise specified, the provisions of this section apply to calendar years beginning on or after January 1, 1983.
- (i) In this section,
 - (1) "designated beneficiary" means the individual who is designated as the beneficiary under the plan in accordance with 26 U.S.C. 401(a)(9) and regulations adopted under that statute;
 - (2) "required beginning date" means the first day of April of the calendar year following the calendar year in which the member either attains 70 1/2 years of age or actually retires, whichever is later.

AMENDMENT NOTES: The 2004 amendment, effective June 26, 2004, substituted "1983" for "1989" in subsection (h).

Sec. 39.35.375. Public Service Benefit.

- (a) An active or inactive member who has never been vested in this plan or in the teachers' retirement plan under AS 14.25.009 - 14.25.220, who has at least two years of credited service in this plan, and who has membership service in the teachers' retirement system may claim credited service in this plan in an amount equal to the membership service the member has in the teachers' retirement system. The claimed credited service may be added to service earned under AS 39.35.095 - 39.35.680 to enable the member to qualify for a public service benefit under this section. The member may not claim credited service for membership service for which the member has received a refund under AS 14.25.150. The member may not claim credited service in this plan based on unused sick leave under AS 14.25.115.
- (b) To claim credited service under this section, the member shall file a written request with the administrator when the member applies to retire. The administrator shall determine the full actuarial cost of benefits based on the member's total credited service and shall transfer from the teachers' retirement system to this plan an amount equal to the sum of the member contributions and any indebtedness payments to the teachers' retirement system and the employer contributions to the teachers' retirement system made on behalf of the employee together with interest earned on those contributions and indebtedness payments. If the amount to be transferred, when combined with the amount of employee contributions and indebtedness payments to this plan and the amount of employer contributions on behalf of the employee in this plan, and interest earned on contributions and indebtedness payments for the employee, is less than the full actuarial cost computed under this subsection, an indebtedness to the plan equal to the amount of the difference is established. Interest as prescribed by regulation accrues on the indebtedness. The member must pay any outstanding indebtedness existing at the time the member applies for retirement in full before the member is appointed to retirement under this section.

- (c) A member is entitled to receive a public service benefit under this section if the member has at least a total of five years credited service under AS 39.35.095 - 39.35.680 and credited service from the teachers' retirement plan under AS 14.25.009 - 14.25.220 claimed under this section. A public service benefit shall be calculated using the higher of the average monthly compensation for service in this plan or the average base salary for service in the teachers' retirement plan under AS 14.25.009 - 14.25.220. The amount of the benefit shall be calculated in accordance with AS 39.35.370(c).
- (d) Credited service earned under either this plan or the teachers' retirement system that has been claimed for a public service benefit under this section may not be used for any other purpose. A member who claims credited service under this section loses all rights to benefits under AS 14.25 based on the claimed credited service. A member may not claim credited service under this section unless the member claims all of the membership service the member has in the teachers' retirement system. A public service benefit does not constitute a normal or early retirement benefit for purposes of qualifying for a conditional service retirement benefit under AS 14.25.125 or AS 39.35.385.
- (e) A member whose rights to benefits under AS 14.25 are subject to a qualified domestic relations order may claim credited service under this section. However, the credited service claimed remains subject to the terms of the order.
- (f) **[Repealed 2007]**
- (g) If a member retires under this section and subsequently returns to work for an employer under this plan or the teachers' retirement system, benefits under this section shall cease during the period of reemployment and shall recommence when the reemployment is ended. The credited service earned during the period of reemployment may not be added to the credited service claimed for a public service benefit under this section. If a member vests and meets the other eligibility requirements under this system or the teachers' retirement system during the reemployment, the member is entitled to a benefit under AS 14.25.009 - 14.25.220 or AS 39.35.095 - 39.35.680, as appropriate.
- (h) In this section,
- (1) "membership service earned under AS 14.25" means membership service earned under AS 14.25.009 - 14.25.220;

- (2) “teachers’ retirement system” and “teachers’ retirement system under AS 14.25” mean the teachers’ retirement plan established in AS 14.25.009 - 14.25.220.

HISTORY: (Sec. 3 ch 109 SLA 2000; am Sec. 102 - 109 ch 9 FSSLA 2005; am Sec. 68, 116(b) ch 20 SLA 2007)

ADMINISTRATIVE CODE: For benefits under the defined benefit plan (AS 39.35.095 - 39.35.680), see 2 AAC 35, art. 3.

AMENDMENT NOTES: The 2005 amendment, effective July 28, 2005, substituted “plan” for “system” in subsections (a)-(d), (f), and (g); updated section references in subsections (a), (c), and (g); and added subsection (h); and, effective June 30, 2010, deleted a section reference in subsection (f).

The 2007 amendment, effective July 1, 2010, deleted “unless the member fully pays the indebtedness as established under AS 14.25.063” at the end of the third sentence of subsection (a), and repealed subsection (f).

Sec. 39.35.381. Alternate Benefit for Elected Public Officers.

- (a) An elected public officer is eligible for a public officer benefit if the officer is retired under AS 14.25.009 - 14.25.220. Only fully paid credited service as an elected public officer of a municipality or other political subdivision, earned while the municipality or political subdivision was an employer under this plan and while the person was employed full-time under AS 14.25.009 - 14.25.220, may be counted under this section.
- (b) Credited service for which contributions were refunded is not creditable under this section unless the refunded contributions have been repaid. For purposes of (a) of this section, a member or former member does not have to be reemployed under this plan in order to pay refunded contributions. Compound interest at the rate prescribed by regulation shall be added to the reinstatement indebtedness from the date of the refund to the date of repayment.
- (c) The amount of the monthly elected public officer benefit is two percent of the average monthly compensation for service eligible under this section times those years of service.
- (d) When an elected public officer eligible to receive credited service under this section dies, the officer’s designated beneficiary is entitled to the balance in the officer’s employee contribution account.

- (e) A person who retires under this section is not entitled to disability or death benefits under AS 39.35.400 - 39.35.440, a minimum benefit under AS 39.35.485, or to medical benefits under AS 39.35.535. Service earned under this section may not be used for vesting under AS 39.35.095 - 39.35.680.
- (f) Benefits payable under this section accrue from the first day of the month after which all of the following requirements are met: (1) the elected public officer meets the eligibility requirements of this section; (2) the officer terminates employment under AS 39.35.095 - 39.35.680; and (3) the officer applies for retirement. The benefits are payable the last day of the month. If payment is delayed, a retroactive payment shall be made to cover the period of the delay.
- (g) An elected public officer may claim credit under this section for service performed as an elected public officer before May 31, 1989. To claim the service, the elected public officer must have been an elected public officer of a municipality or political subdivision that was an employer under this plan during the elected service and must have been employed full-time under AS 14.25 during that time. When the elected public officer claims that service, an indebtedness to the plan is established. The amount of the indebtedness is the full actuarial cost of providing benefits for the service claimed. Interest as prescribed by regulation accrues on that indebtedness beginning on July 1, 1989. Any outstanding indebtedness existing at the time the person retires requires an actuarial adjustment to the benefits payable based on that service.

HISTORY: (Sec. 3 ch 58 SLA 1989; am Sec. 110 ch 9 FSSLA 2005)

REVISOR'S NOTES: Under sec. 144, ch. 9, FSSLA 2005, "AS 39.35.095 - 39.35.680" was substituted for "this chapter" and "plan" was substituted for "system" in this section.

AMENDMENT NOTES: The 2005 amendment, effective July 28, 2005, in subsection (a) updated internal references and substituted "plan" for "system".

Sec. 39.35.385. Conditional Service Retirement Benefits.

- (a) Subject to AS 39.35.450, an employee is eligible for a normal retirement benefit at age 60 with at least two years of credited service if the employee also is eligible for a normal retirement salary under AS 14.25 (teachers' retirement system).

- (b) Subject to AS 39.35.450, an employee is eligible for an early retirement benefit at age 55 with at least two years of credited service if the employee also is eligible for an early retirement salary under AS 14.25 (teachers' retirement system).
- (c) Credited service for which contributions were refunded is not creditable under this section.
- (d) The monthly amount of a conditional service retirement benefit shall be calculated on the years of fully paid credited service in accordance with AS 39.35.370(c), except that the member may irrevocably elect to substitute one-twelfth of the "average base salary" as defined in AS 14.25.220(5) in place of average monthly compensation.
- (e) Benefits payable under this section accrue from the first day of the month (1) in which the member meets the eligibility requirements of this section, (2) following the date of termination, and (3) following application for retirement, and are payable the last day of the month. If payment is delayed, a retroactive payment shall be made to cover the period of deferment. The last payment shall be made for the month in which the member dies or is no longer eligible for a benefit under this section.
- (f) Subject to AS 39.35.450, an employee is eligible for a normal retirement benefit at age 60 or an early retirement benefit at age 55 if the employee was first hired as a legislative employee before May 30, 1987, and has at least 60 days of credited service as an employee of the legislature, other than as an employee of the Office of the Ombudsman or the office of victims' rights, during each of five legislative sessions. An employee who was first hired as a legislative employee on or after May 30, 1987, and is otherwise eligible under this subsection must have at least 80 days of credited service during each of five legislative sessions to receive benefits under this subsection.

REVISOR'S NOTES: In 1986, the phrase "Subject to AS 39.35.450" was added at the beginning of (f) of this section in order to be consistent with (a) and (b) of this section and the language of AS 39.35.450, as amended by ch. 117, SLA 1986.

Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in (c) of this section.

AMENDMENT NOTES: The 2001 amendment, effective July 1, 2002, inserted “or the office of victims rights” in the first sentence in subsection (f).

The 2007 amendment, effective July 1, 2010, deleted “unless the refunded contributions have been repaid” at the end of the first sentence of subsection (c), and deleted the former second and third sentences of subsection (c), relating to reemployment and compound interest.

EDITOR’S NOTES: In general, a person’s right to benefits under the state’s public employee retirement systems vests when the person joins the system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981). Therefore, former law may govern the benefits of some members of the teachers’ retirement system. The user is advised to ascertain which version of a particular statute is applicable. Earlier versions of the statutes can be found in prior editions of the Alaska Statutes or in the published Session Laws of Alaska.

Section 57, ch. 82, SLA 1986 provides: “Sections 16, 22-23, 25-27, 42-45, and 50 of this Act apply only to members first hired under the Public Employees’ Retirement System after June 30, 1986.”

Sec. 39.35.389. Alternate Benefits for EPORS Members.

- (a) Notwithstanding former AS 39.37.050, a former member of the Alaska Territorial Legislature who is receiving a benefit on June 5, 1989 under the Elected Public Officers Retirement System and who has at least 30 years of credited service in the territorial and state legislatures may elect a benefit under this subsection instead of the benefit under former AS 39.37.050. The monthly amount of a benefit under this subsection is the greater of the member’s years of credited service multiplied by
 - (1) the member’s average monthly compensation and that amount multiplied by two percent; or
 - (2) \$100.
- (b) Notwithstanding former AS 39.37.060, a surviving spouse receiving a benefit under the Elected Public Officers Retirement System whose spouse met the requirements of (a) of this section at the time of the spouse’s death may elect a benefit under this subsection instead of the benefit under former AS 39.37.060. The amount of a benefit under this subsection is 50 percent of the amount calculated for the deceased spouse under (a) of this section.
- (c) Benefits payable under this section accrue from the first day of the month following receipt of an application for benefits under this section and are payable on the last day of the month.

HISTORY: (Sec. 29 ch 106 SLA 1988)

Sec. 39.35.395. Voluntary Contribution Benefit.

The balance of the employee's savings account shall be paid in one of the following options as elected by the employee:

- (1) a lump sum payment; or
- (2) a life annuity on a full cash refund or term-certain basis; or
- (3) installments over a designated period of time.

HISTORY: (Sec. 35 ch 128 SLA 1977)

Sec. 39.35.400. Nonoccupational Disability Benefits.

- (a) An employee is eligible for a nonoccupational disability benefit if the employee's employment is terminated because of a total and apparently permanent nonoccupational disability, as defined in AS 39.35.680, before the employee's normal retirement date and after five or more years of credited service. A member is not entitled to a nonoccupational disability benefit under this section unless the member files an application for the benefit with the administrator within 90 days after the member terminated employment. The board may waive a filing deadline if there are extraordinary circumstances that resulted in the inability to meet the deadline. The board may delegate the authority to waive a filing deadline under this subsection to the administrator.
- (b) The nonoccupational disability benefits accrue beginning the first day of the month following termination of employment as a result of the disability and are payable the last day of the month. If a final determination granting the benefit is not made in time to pay the benefit when due, a retroactive payment shall be made to cover the period of deferment. The last payment shall be for the first month in which the disabled employee
 - (1) dies;
 - (2) recovers from disability;
 - (3) fails to meet the requirements under (e) of this section or under AS 39.35.415; or
 - (4) reaches normal retirement age.

- (c) If the disabled employee becomes ineligible to receive nonoccupational disability benefits, the employee is entitled to receive a normal or early retirement benefit if the employee would have been eligible for the benefit had employment continued during the period of disability. However, the period of disability does not constitute credited service.
- (d) The monthly amount of the nonoccupational disability benefit shall be determined in accordance with AS 39.35.370(c), considering the employee's credited service and compensation before termination of employment.
- (e) A disabled employee receiving a nonoccupational disability benefit shall provide the administrator, one year after appointment to disability benefits and once each year thereafter until disability benefits cease, proof of continuing eligibility to receive disability payments under the Social Security Act. If the disabled employee is otherwise ineligible for a social security payment, the employee shall provide the administrator with sufficient medical evidence once each year to demonstrate that disability payments under the Social Security Act would be payable had the employee been otherwise eligible. If the disabled employee fails to provide the administrator with evidence of continuing eligibility for disability payments under the Social Security Act or other medical evidence required by the administrator within 30 days following each anniversary date, the disability benefits from the plan shall cease. If that information is subsequently provided to the administrator, benefit payments will resume beginning for the month following that in which the information is provided. When disability payments under the Social Security Act cease, it is the responsibility of the disabled employee to notify the administrator immediately.
- (f) A disabled employee's nonoccupational disability benefit terminates when the employee first attains eligibility for normal retirement. At that time, retirement benefits will be calculated under AS 39.35.370(c).

EDITOR’S NOTES: In general, a person’s right to benefits under the state’s public employee retirement systems vests when the person joins the system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981). Therefore, former law may govern the benefits of some members of the public employees’ retirement system. The user is advised to ascertain which version of the statute is applicable. Earlier versions of the statutes can be found in prior editions of the Alaska Statutes or in the published Session Laws of Alaska.

NOTES TO DECISIONS: Termination because of disability. — In determining whether an employee was terminated because of his disability, the Public Employee’s Retirement Board and superior court erred by basing their decisions on the employer’s reasons for the termination rather than on the causal relationship between the termination and the employee’s disability. *Stalnaker v. M.L.D.*, 939 P.2d 407 (Alaska 1997).

No mental disability found. — Employee’s application for disability benefits from the Alaska Public Employees Retirement System was properly denied because the employee’s mental condition did not amount to a nonoccupational disability; out of nine physicians and psychologists, only one concluded that the employee could not work because of depression and post-traumatic stress disorder. *McKittrick v. State*, 284 P.3d 832 (Alaska 2012).

Sec. 39.35.410. Occupational Disability Benefits.

- (a) An employee is eligible for an occupational disability benefit if employment is terminated because of a total and apparently permanent occupational disability, as defined in AS 39.35.680, before the employee’s normal retirement date.
- (b) The occupational disability benefits accrue beginning the first day of the month following termination of employment as a result of the disability and are payable the last day of the month. If a final determination granting the benefit is not made in time to pay the benefit when due, a retroactive payment shall be made to cover the period of deferment. The last payment shall be for the first month in which the disabled employee
 - (1) dies;
 - (2) recovers from disability;
 - (3) fails to meet the requirements under (g) of this section or under AS 39.35.415; or
 - (4) reaches normal retirement age.
- (c) If the disabled employee becomes ineligible to receive occupational disability benefits before the normal retirement date, the disabled employee shall then be entitled to receive an early retirement benefit if the employee would have been eligible for the benefit had employment

continued during the period of disability. The period of disability constitutes credited service.

- (d) The monthly amount of an occupational disability benefit is 40 percent of the disabled employee's gross monthly compensation at the time of termination due to disability.
- (e) **[Repealed 1976]**
- (f) An employee is not entitled to an occupational disability benefit unless the employee files an application for it with the administrator within 90 days of the date of terminating employment. If the employee is unable to meet a filing requirement of this subsection, it may be waived by the commissioner if there are extraordinary circumstances that resulted in the employee's inability to meet the filing requirement.
- (g) A disabled employee receiving an occupational disability benefit shall undergo a medical examination as often as the administrator considers advisable but not more frequently than once each year. The administrator shall determine the place of the examination and engage the physician or physicians. If, in the judgment of the administrator, the examination indicates that the retired employee is no longer incapacitated because of a total and apparently permanent occupational disability, the administrator may not issue further disability benefits to the employee.
- (h) A disabled employee's occupational disability benefit terminates when the disabled employee first attains eligibility for normal retirement. At that time, the employee's retirement benefit shall be calculated under the provisions of AS 39.35.370(c).
- (i) Notwithstanding (h) of this section, at the time a peace officer or firefighter receiving occupational disability benefits under this section first attains eligibility for normal retirement, the employee shall irrevocably elect to receive retirement benefits in the amount calculated as the
 - (1) monthly occupational disability benefit calculated under (d) of this section; or
 - (2) employee's retirement benefit calculated under the provisions of AS 39.35.370(c).

- (j) Notwithstanding (b)(3) of this section, a peace officer or firefighter who retires under (i) of this section is not subject to the requirements of (g) of this section or AS 39.35.415 during retirement.

AMENDMENT NOTES: The 2002 amendment, effective June 20, 2002, added subsections (i) and (j).

The 2005 amendment, effective July 28, 2005, in subsection (f) substituted “commissioner” for “Public Employees’ Retirement Board” in the second sentence and deleted the last sentence, which read “The board may delegate the authority to waive a filing deadline under this subsection to the administrator.”

EDITOR’S NOTES: In general, a person’s right to benefits under the state’s public employee retirement systems vests when the person joins the system. *Hammond v. Earlier versions of the statutes can be found in prior editions of the Alaska Statutes or in the published Session Laws of Alaska.

Chapter 205, SLA 1975, which amended this section, was submitted to the voters by referendum and was rejected.

AG OPINIONS: Benefits paid under subsection (i) of this section are retirement benefits, and not disability benefits. Sept. 19, 2002, Op. Att’y Gen.

NOTES TO DECISIONS: Constitutionality of 1976 amendment to subsections (d) and (g). — The 1976 amendment to subsections (d) and (g) of this section is not violative of Alaska Const., art. XII, Sec. 7 insofar as applied to public safety employees hired before July 1, 1976, who elect to be covered by Public Employees’ Retirement System as amended in 1976 and public safety employees hired on or after July 1, 1976. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981).

The 1976 amendment to subsections (d) and (g) of this section has the effect of diminishing the vested rights of public safety employees hired before July 1, 1976, who choose to receive benefits under the system in effect at the time they were hired and insofar as applied to those employees, the amended subsections are violative of Alaska Const., art. XII, Sec. 7. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981).

“Employees” construed. — A former employee who had withdrawn his Public Employees’ Retirement System (PERS) contributions is not eligible for occupational disability benefits. Only “employees” are eligible for occupational disability benefits under PERS. “Former members” of PERS are not considered “employees.” “Former member” includes any employee who has received a total refund of the balance of the employee contribution account, or who has requested in writing a refund of the balance in the employee contribution account. *Waller v. Stalnaker*, 915 P.2d 637 (Alaska 1996).

Work-related aggravation of preexisting condition. — Occupational disability can occur from work-related aggravation of a preexisting condition. *Hester v. State, Pub. Employees' Retirement Bd.*, 817 P.2d 472 (Alaska 1991).

Burden of proof. — In occupational disability claims, unlike workers' compensation claims, the employee bears the burden of establishing by a preponderance of the evidence that the disability was proximately caused by an injury which occurred in the course of employment. *Hester v. State, Pub. Employees' Retirement Bd.*, 817 P.2d 472 (Alaska 1991).

Link between work and injury not shown. — Substantial evidence supported the board's conclusion that there was no proven causal link between claimant's work as police chief and the disabling effects of his Crohn's disease. *Hester v. State, Pub. Employees' Retirement Bd.*, 817 P.2d 472 (Alaska 1991).

The Public Employees' Retirement Board applied the correct legal standard in considering whether an occupational injury had been a "substantial factor" in the employee's disability, and there was substantial evidence to support the Board's conclusion that the employee's disability was caused by a degenerative hip condition unrelated to her work. *Lopez v. Administrator, Pub. Employees' Retirement Sys.*, 20 P.3d 568 (Alaska 2001).

ALJ's determination that prolonged sitting at work was not the proximate cause of the employee's disability was supported by substantial evidence and denying her occupational disability benefits because a physician's testimony cast doubt on whether the employee suffered from ilioinguinal neuralgia during her employment, breaking the causal chain between her prolonged sitting and the aggravated of a preexisting condition. *State v. Shea*, 394 P.3d 524 (Alaska 2017).

No mental disability found. — Employee's application for disability benefits from the Alaska Public Employees Retirement System was properly denied because the employee's mental condition did not amount to an occupational disability; out of nine physicians and psychologists, only one concluded that the employee could not work because of depression and post-traumatic stress disorder. *McKittrick v. State*, 284 P.3d 832 (Alaska 2012).

Termination because of disability. — In determining whether an employee was terminated because of his disability, the Public Employee's Retirement Board and superior court erred by basing their decisions on the employer's reasons for the termination rather than on the causal relationship between the termination and the employee's disability. *Stalnaker v. M.L.D.*, 939 P.2d 407 (Alaska 1997).

Standard for determining benefit eligibility based on statutory language. — The term "recovers from disability" in subsection (b) of this section cannot be read without reference to the definition of occupational disability in AS 39.35.680; to interpret otherwise would result in two different statutory criteria for benefits eligibility: One standard under AS 39.35.680 that would require only inability to perform an available Public Employees' Retirement System (PERS) job, and a second standard under this section, through which benefits might be terminated based on outside employment: The plain meaning of the statute defining occupational disability as an inability to perform the employee's usual duties or the duties of a comparable position that a PERS employer makes available is clear. *State v. Morton*, 123 P.3d 986 (Alaska 2005).

Sec. 39.35.415. Reemployment of Disabled Employees.

An employee appointed to disability benefits under AS 39.35.400 or 39.35.410 shall apply to the division of vocational rehabilitation within 30 days of the date disability benefits commence. The employee shall be enrolled in a rehabilitation program if the employee meets the eligibility requirements of the division of vocational rehabilitation. Unless the employee demonstrates cause, benefits shall terminate at the end of the first month in which a disabled employee

- (1) fails to report to the division of vocational rehabilitation;
- (2) is certified by the division of vocational rehabilitation as failing to cooperate in a vocational rehabilitation program;

NOTES TO DECISIONS: Failure to accept offer of employment. — This section permits an employee to demonstrate cause why benefits should not be terminated even though he failed to accept a position offered. *State v. Morton*, 123 P.3d 986 (Alaska 2005).

Sec. 39.35.420. Nonoccupational Death Benefits.

- (a) If the death of an employee occurs from nonoccupational causes after completing less than one year of credited service, the employee's designated beneficiary shall be paid the balance of the employee contribution account. If the death of an employee occurs from nonoccupational causes after completing at least one year but less than five years of credited service, a death benefit shall be paid to the employee's designated beneficiary. The amount of the death benefit shall be the amount set out in (c) of this section.
- (b) If the death of a vested member or deferred vested member occurs from nonoccupational causes and the member designated no person other than the surviving spouse as beneficiary to receive nonoccupational death benefits, the surviving spouse may elect to receive either the amounts set out in (c) of this section or a 50 percent joint and survivor option based on credited service to the date of the employee's death or termination. Benefits accrue from the first day of

the month following the employee's death and are payable the last day of the month.

- (c) If, under AS 39.35.490, a vested or deferred vested member designates as beneficiary to receive nonoccupational benefits someone other than the surviving spouse to whom the member has been married for at least one year, the administrator shall pay the designated beneficiary: (1) the balance of the deceased member's employee contribution account; and (2) a lump-sum death benefit. The amount of the lump-sum death benefit is \$100 times the years of credited service of the deceased member plus \$1,000.

Sec. 39.35.430. Occupational Death Benefit.

- (a) **[Repealed 1976]**
- (b) If (1) the death of an employee occurs before the employee's retirement and before the employee's normal retirement date, and (2) the proximate cause of death is a bodily injury sustained or a hazard undergone while in the performance and within the scope of the employee's duties, and (3) the injury or hazard is not the proximate result of wilful negligence of the employee, a monthly survivor's pension shall be paid to the surviving spouse. If there is no surviving spouse or if the spouse later dies, the monthly survivor's pension shall be paid in equal parts to the dependent children of the employee. On the date the normal retirement of the employee would have occurred if the employee had lived, monthly payments shall equal the monthly amount of the normal retirement benefit to which the employee, had the employee lived and continued employment until the employee's normal retirement date, would have been entitled with an average monthly compensation as existed at death and the credited service to which the employee would have been entitled.

- (c) The first payment of the surviving spouse's pension or of a dependent child's pension shall be made for the month following the month in which the employee dies and payment shall cease to be made beginning with the month in which there is no surviving spouse or no dependent child.
- (d) **[Repealed 1976]**
- (e) **[Repealed 1976]**
- (f) If the death of an employee occurs from occupational causes but no surviving spouse or dependent children exist at the time of the death or if the employee designates as beneficiary under AS 39.35.490 someone other than the surviving spouse or dependent children, the employee's designated beneficiary is entitled to receive those benefits available to a beneficiary under AS 39.35.420(c) and an occupational death benefit may not be paid to the surviving spouse or dependent children.
- (g) The monthly survivor's pension in (b) of this section for survivors of employees who were not peace officers or firefighters is 40 percent of the employee's monthly compensation in the month in which the employee dies. The monthly survivor's pension in (b) of this section for survivors of employees who were peace officers or firefighters is the greater of
 - (1) 50 percent of the monthly compensation in the month in which the employee dies; or
 - (2) 75 percent of the employee's retirement benefit calculated under the provisions of AS 39.35.370(c) if the employee had survived to normal retirement age.
- (h) If an employee's death is caused by an act of assault, assassination, or terrorism directly related to the person's status as an employee, whether the act occurs on or off the employee's job site, the death shall be considered to have occurred in the performance of and within the scope of the employee's duties for purposes of (b)(2) of this section. If the expressed or apparent motive and intent of the perpetrator of the harm inflicted upon the employee was due to the performance of the employee's job duties or employment, the death shall be considered to be directly related to the employee's status as an employee. An employee's job duties are those performed within the course and scope of the person's employment with an employer.

REVISOR'S NOTES: Subsection (h) was enacted as subsection (g) and renumbered in 2002.

AMENDMENT NOTES: The first 2002 amendment, effective September 5, 2002, added subsection (h).

The second 2002 amendment, effective June 20, 2002, deleted "equal to 40 percent of the employee's monthly compensation in the month in which the employee dies" following "survivor's pension" in the first sentence in subsection (b); and added subsection (g).

EDITOR'S NOTES: In general, a person's right to benefits under the state's public employee retirement systems vests when the person joins the system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981). Therefore, former law may govern the benefits of some members of the public employees' retirement system. The user is advised to ascertain which version of the statute is applicable. Earlier versions of the statutes can be found in prior editions of the Alaska Statutes or in the published Session Laws of Alaska.

NOTES TO DECISIONS: Constitutionality of 1976 amendment to former subsection (a) and subsection (b). — The 1976 amendment to former subsection (a) and subsection (b) of this section is not violative of Alaska Const., art. XII, Sec. 7 insofar as applied to public safety employees hired before July 1, 1976, who elect to be covered by Public Employees' Retirement System as amended and public safety employees hired on or after July 1, 1976. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981).

The 1976 amendment to former subsection (a) and subsection (b) of this section had the effect of diminishing the vested rights of public safety employees hired before July 1, 1976, who chose to receive benefits under the system in effect at the time they were hired and insofar as applied to those employees, the amended subsections were violative of Alaska Const., art. XII, Sec. 7. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981).

Sec. 39.35.440. Death After Occupational Disability.

(a) [Repealed 1976]

(b) Upon the death of a disabled employee who is receiving or is entitled to receive an occupational disability benefit, the administrator shall pay the surviving spouse a surviving spouse's pension, equal to 40 percent of the employee's monthly compensation at the termination of employment because of occupational disability. If there is no surviving spouse, the administrator shall pay the survivor's pension in equal parts to the dependent children of the employee. On the date the normal retirement of the employee would have occurred if the employee had lived, the administrator shall adjust the monthly payments to equal the monthly amount of the normal retirement benefit to which the employee, had the employee lived and continued

employment until the employee's normal retirement date, would have been entitled with an average monthly compensation as existed at death and the credited service to which the employee would have been entitled. If the death of an employee occurs from occupational causes but no surviving spouse or dependent children exist at the time of the death, or if the employee designates as beneficiary under AS 39.35.490 someone other than the surviving spouse or dependent children, the administrator shall pay the employee's designated beneficiary those benefits available to a beneficiary under AS 39.35.420(c) and may not pay an occupational death benefit to the surviving spouse or dependent children.

- (c) The first payment of the surviving spouse's pension or of a dependent child's pension shall accrue from the first day of the month following the employee's death and is payable the last day of the month. The last payment shall be made for the last month in which there is an eligible surviving spouse or child.

Sec. 39.35.450. Joint and Survivor Option.

- (a) Benefits payable under this section are in place of benefits payable under AS 39.35.370, 39.35.385, and former AS 39.35.460. Upon filing an application with the administrator or when a disabled employee first attains eligibility for normal retirement under AS 39.35.400(f) or 39.35.410(h), the employee shall designate the person who is the employee's spouse at the time of appointment to retirement as the contingent beneficiary. However, if the designation of the spouse is revoked under (c) of this section, the employee may designate a dependent approved by the administrator as the contingent beneficiary or may take normal or early retirement under AS 39.35.370 or 39.35.385 or, if the employee was first hired before July 1, 1996, benefit

payments under the level income option under former AS 39.35.460. The administrator shall pay benefits under the option elected by the employee. The employee may elect an option that provides that the employee is entitled to receive a reduced benefit payable for life, and, after the employee's death, the contingent beneficiary is entitled to payments in the amount of

- (1) 75 percent of the reduced benefit payable for life; or
 - (2) 50 percent of the reduced benefit payable for life.
- (b) The aggregate of the pension payments expected to be paid to an employee and the contingent beneficiary under the options set out in (a) of this section shall be the actuarial equivalent of the pension that the employee is otherwise entitled to receive upon retirement.
- (c) An employee may elect or change an option without the approval of the administrator if the election or change is filed in writing with the administrator before the effective date of the employee's retirement. An employee may revoke a joint and survivor option if the employee files with the administrator before the effective date of the employee's retirement a revocation and consent to the revocation signed by the employee's present spouse and each person entitled to benefits under a qualified domestic relations order on forms provided by the administrator. The administrator may waive the requirement for written consent from
- (1) a person entitled under the order if the person cannot be located or for another reason established by regulation; or
 - (2) the spouse if
 - (A) the employee is not married;
 - (B) the employee was not married to the spouse during any period of the employee's employment with an employer;
 - (C) the spouse has no rights to the option because of the terms of a qualified domestic relations order;
 - (D) the spouse cannot be located;
 - (E) the employee and the spouse have been married for less than two years and the employee establishes that they are not cohabiting; or

- (F) another reason is established under regulations of the administrator.
- (d) A member, including a deferred vested member, may, regardless of age, elect a joint and survivor option any time before appointment to receive a retirement benefit.
- (e) If either the employee or contingent beneficiary dies before the employee is appointed to retirement, the election becomes inoperative. Once the employee is appointed to retirement, the election is irrevocable. If a retired employee is reemployed and is subsequently reappointed to retirement, those benefits earned during the period of reemployment are subject to the initial election made under this section, unless the contingent beneficiary is deceased. If the contingent beneficiary is deceased, the benefits earned during the period of reemployment are subject to AS 39.35.370 or this section if another contingent beneficiary was elected during the period of reemployment. All other benefits earned during prior periods of employment are subject to the election at the time the employee was appointed to retirement. If death occurs from nonoccupational causes during the period of reemployment, those benefits earned while reemployed are subject to AS 39.35.420(b). All other benefits earned during prior periods of employment are subject to the election at the time the employee was appointed to retirement. If death occurs from occupational causes during the period of reemployment, all benefits earned during all periods of employment are subject to AS 39.35.430(b) and (c).
- (f) The employee and any person claiming to be a contingent beneficiary shall file with the administrator a marriage certificate, divorce or dissolution judgment, or other evidence necessary to determine the applicability of this section and the identity of any contingent beneficiary.
- (g) If the administrator determines, based on the affidavit of the employee and other evidence that an employee is eligible to elect a form of payment other than a joint and survivor option under this section, and no contrary evidence is presented to the administrator within 60 days after the effective date of the employee's retirement, a claim under this section, made by a spouse or former spouse of the member, may not be paid if payment would result in an increase in actuarial liability to the plan.
- (h) If an employee fails to elect an option under this section, and if no effective revocation is filed with the administrator, the employee is considered to have elected the option provided in (a)(2) of this section.

EDITOR'S NOTES: Section 44, ch. 4, FSSLA 1996 provides that nothing in that Act, which amended subsection (a), "modifies or terminates the terms of a collective bargaining agreement in effect on July 1, 1996." Under Sec. 45, ch. 4, FSSLA 1996, the provisions of that Act, which amended subsection (a), are not severable, notwithstanding AS 01.10.030.

AG OPINIONS: A qualified domestic relations order that names a member's ex-wife as the member's survivor is valid and should be accepted, and does not improperly eliminate the survivor rights of the member's future spouse, should he remarry before retirement. Oct. 2, 2002, Op. Att'y Gen.

NOTES TO DECISIONS: Applicability of benefits to same-sex couples. — Employee benefits programs, which included the joint and survivor annuities described in this section, violated the rights of same-sex couples under Alaska Const. art. I, Sec. 1, by covering married public employees but not domestic partners. *Alaska Civ. Liberties Union v. State*, 122 P.3d 781 (Alaska 2005).

Validity of waiver. — Waiver of public employee survivor benefits was an effective contract, and did not deny procedural due process to a surviving spouse. The language of the waiver form, which effectively described the rights relinquished by signing it, was plain and ensured that an erroneous deprivation of benefits was unlikely. The surviving spouse bore the risk of her unilateral mistake; and even if she subjectively intended to waive only some benefits, the contract did not fail for lack of mutual assent. *Kingik v. Dep't of Admin., Div. of Ret. & Bens.*, 239 P.3d 1243 (Alaska 2010).

Sec. 39.35.455. Rights Under Qualified Domestic Relations Order.

A former spouse shall be treated as a spouse or surviving spouse to the extent required by a qualified domestic relations order. Rights under the order do not take effect until the order is filed with the administrator.

Sec. 39.35.475. Post-Retirement Pension Adjustment.

- (a) Once each year the administrator shall increase benefit payments to eligible disabled members, to persons age 60 or older receiving benefits under this plan in the preceding calendar year, and to persons who have received benefits under this plan for at least five years who are not otherwise eligible for an increase under this section.
- (b) The increase in benefit payments applies to total benefit payments except for the cost-of-living allowance under AS 39.35.480. The amount of the increase is a percentage of the current benefit equal to
 - (1) the lesser of 75 percent of the increase in the cost of living in the preceding calendar year or nine percent, for recipients who on July 1 are at least 65 years old and for members receiving disability benefits; and
 - (2) the lesser of 50 percent of the increase in the cost of living in the preceding calendar year or six percent, for recipients who on July 1 are at least 60 but less than 65 years old or for recipients who are less than 60 years old on July 1 but who have received benefits from the plan for at least five years.
- (c) If a recipient was not receiving benefits during the entire preceding calendar year, the increase in benefits under this section shall be adjusted by multiplying it by the fraction whose numerator is the number of months for which benefits were received in the preceding calendar year and whose denominator is 12.
- (d) If at the time of first receiving a retirement benefit a member was receiving a disability benefit under this plan, the administrator shall, at the time the member is appointed to retirement, increase the retirement benefit by a percentage equal to the total cumulative percentage increase that has been applied to the member's disability benefit under this section.
- (e) When computing an occupational death benefit under AS 39.35.430 or 39.35.440 or a survivor's benefit under AS 39.35.450, adjustments granted to the deceased member or survivor under this section shall be included.
- (f) An increase in benefit payments under this section is effective July 1 of each year and is based on the percentage increase in the consumer price index for urban wage earners and clerical workers for Anchorage,

Alaska during the previous calendar year as determined by the United States Department of Labor, Bureau of Labor Statistics.

REVISOR'S NOTES: Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in this section.

ADMINISTRATIVE CODE: For benefits under the defined benefit plan (AS 39.35.095 - 39.35.680), see 2 AAC 35, art. 3.

AMENDMENT NOTES: The 2005 amendment, effective July 28, 2005, in subsection (a) substituted "plan" for "system" and made a stylistic change in the first sentence and added the second and third sentences.

EDITOR'S NOTES: In general, a person's right to benefits under the state's public employee retirement systems vests when the person joins the system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981). Therefore, former law may govern the benefits of some members of the teachers' retirement system. The user is advised to ascertain which version of a particular statute is applicable. The version of this statute that was in effect immediately after the 1980 amendments read as follows:

"Sec. 39.35.475. POST RETIREMENT PENSION ADJUSTMENT.

"(a) When the administrator determines that the cost of living has increased and that the financial condition of the retirement fund permits, he shall increase benefit payments to persons receiving benefits under this system.

"(b) The amount of the increase in benefit payments may not exceed the greater of

"(1) the increase in the cost of living since the date of retirement; or

"(2) four percent of the retirement benefit compounded for each year of retirement.

"(c) If at the time of first receiving a retirement benefit a member was receiving a disability benefit under this system, the administrator shall include the time during which the member received the disability benefit in determining the number of years of retirement under this section.

"(d) An increase in benefit payments under this section is effective July 1 of the year for which the increase is granted.

"(e) The administrator shall implement this section by regulation."

The 1982 amendment, effective July 1, 1982, substituted "lesser" for "greater" in the introductory language of subsection (b).

Section 49, ch 146, SLA 1980 provides: "The retirement benefit payable to a member of the public employees' retirement system who is receiving a normal retirement benefit under AS 39.35.370, July 1, 1980, and who at the time of his retirement was receiving a disability pension under the public employees' retirement system, shall be increased by a percentage equal to the percentage of all post-retirement pension adjustments payable under AS 39.35.475 during the period that the member was receiving a disability benefit."

Under Sec. 112, ch. 9, FSSLA 2005, following amendment by sec. 34, ch. 146, SLA 1980, and until amended by sec. 41, ch. 82, SLA 1986, (a) of this section read: "(a) When the administrator determines that the cost of living has increased and that the financial condition of the

retirement fund permits, the administrator shall increase benefit payments to persons receiving benefits under this plan. For purposes of this subsection, the financial condition of the fund would only permit an increase in benefits when the ratio of total fund assets to the accrued liability meets or exceeds 105 percent. In this subsection, “accrued liability” means the present value of all member benefits accrued by member service in this plan.”

Sec. 39.35.480. Cost-of-Living Allowance.

- (a) While residing in the state, a person receiving a benefit under AS 39.35.095 - 39.35.680 who is 65 years of age or older or who is receiving a disability benefit is entitled to receive a monthly cost-of-living allowance in addition to the basic benefit. The amount of this allowance shall be \$50 or 10 percent of the basic benefit, whichever is greater.
- (b) A person receiving a cost-of-living allowance under this section shall notify the administrator when the person expects to be absent from the state for a continuous period that exceeds 90 days. After that notification, the person is no longer entitled to receive the monthly cost-of-living allowance, except that a person may be absent from the state for not more than six months without loss of the cost-of-living allowance if the absence is the result of illness and required by order of a licensed physician. Upon returning to the state, and upon notification to the administrator, the person is again entitled to receive the monthly cost-of-living allowance, commencing with the first monthly benefit payment made after notification of the person's return.
- (c) While residing in the state, a public employee of the Territory of Alaska who participated in the Public Employees' Retirement Act established by ch. 41 SLA 1949, and who retired before June 22, 1951, is entitled to the cost-of-living allowance equal to 25 percent of the amount received under ch. 41 SLA 1949.
- (d) For purposes of this section, “residing in the state” means domiciled and physically present in the state. A person's status as “residing in the state” does not change if the person is absent from the state for a continuous period of
 - (1) 90 days or less;
 - (2) six months or less, when ordered by a physician to be absent from the state; or

- (3) any length of time while the person is a member of a reserve or auxiliary component of the armed forces of the United States, including the organized militia of Alaska, consisting of the Alaska National Guard, the Alaska Naval Militia, and the Alaska State Defense Force, and is called to active duty by the appropriate state or federal authority.

AMENDMENT NOTES: The 2003 amendment, effective September 9, 2003, rewrote subsection (d).

EDITOR'S NOTES: Section 57, ch. 82, SLA 1986 provides: "Sections 16, 22-23, 25-27, 42-45, and 50 of this Act apply only to members first hired under the Public Employees' Retirement System after June 30, 1986."

NOTES TO DECISIONS: Constitutionality. — Limiting cost-of-living allowance (COLA) payments to resident retirees does not violate the Equal Protection Clause of the Alaska Constitution; therefore, summary judgment was properly granted to the state in an action that challenged whether the denial of COLA payments to nonresidents was constitutional because the small payments were fairly and substantially related to their purpose, and they did not substantially infringe on the right of retirees to live elsewhere. *Pub. Emples. Ret. Sys. v. Gallant*, 153 P.3d 346 (Alaska 2007).

DELAYED AMENDMENT: of subsection (a). - Under Sec. 113, ch. 9, FSSLA 2005, effective June 30, 2010, subsection (a) of this section will read as follows: ""(a) An employee who is eligible for a benefit calculated in accordance with AS 39.35.370(c) is entitled to a benefit of at least \$25 a month for each year of credited service, not including adjustments made under AS 39.35.340 for military service, AS 39.35.360 for credit for earlier service, AS 39.35.370(c) for early retirement, AS 39.35.420 for nonoccupational death benefits, AS 39.35.450 for the survivor's option, former AS 39.35.460 for the level income option, AS 39.35.475 for the post-retirement pension adjustment, and AS 39.35.480 for the cost of living."

AMENDMENT NOTES: The 2005 amendment, effective July 28, 2005, deleted "AS 39.35.350 for reinstatement of credited service," following "for military service," in subsection (a).

EDITOR'S NOTES: Chapter 205, SLA 1975, which amended this section, was submitted to the voters by referendum and was rejected.

Sec. 39.35.490. Designation of Beneficiary.

- (a) Each employee shall designate the beneficiary or beneficiaries to whom the administrator shall distribute benefits payable under AS 39.35.095 - 39.35.680 as a consequence of the employee's death. Notwithstanding a previous designation of beneficiary, a person who is the spouse of an employee at the time of the employee's death automatically becomes the designated beneficiary if the spouse was married to the employee during part of the employee's employment for an employer
 - (1) except to the extent a qualified domestic relations order filed with the administrator provides for payment to a former spouse or other dependent of the employee; or
 - (2) unless the employee files a revocation of beneficiary accompanied by a written consent to the revocation signed by the present spouse and each person entitled under the order; however, consent of the present spouse is not required if the member and the present spouse had been married for less than two years on the date of the member's death and if the member established when filing the revocation that the member and the present spouse were not cohabiting.
- (b) Except as provided in (a) of this section, the designation may be changed or revoked by the employee without notice to the beneficiary or beneficiaries at any time. If an employee designates more than one

beneficiary, each shares equally unless the employee specifies a different allocation or preference. The designation of beneficiary, a change or revocation of a beneficiary, or a consent to a revocation of a beneficiary shall be made on a form provided by the administrator and is not effective until filed with the administrator.

- (c) If an employee fails to designate a beneficiary, or if no designated beneficiary survives the employee, the administrator shall pay the death benefit
 - (1) to the surviving spouse or, if there is none surviving,
 - (2) to the surviving children in equal parts or, if there is none surviving,
 - (3) to the surviving parents in equal parts or, if there is none surviving,
 - (4) to the employee's estate.
- (d) A person claiming entitlement to benefits payable under AS 39.35.095 - 39.35.680 as a consequence of an employee's death shall provide the administrator with a marriage certificate, divorce or dissolution decree, or other evidence of entitlement. Documents establishing entitlement may be filed with the administrator immediately after a change in the employee's marital status. If the administrator does not receive notification of a claim before the date 10 days after the employee's death, the person claiming entitlement to the benefits is not entitled to receive from the division of retirement and benefits any benefit already paid by the administrator.

Sec. 39.35.495. Time Limit for Application.

If no application for benefits or for refund has been filed with the administrator by July 1 following the date on which an inactive member, except an employee on leave-without-pay status or on layoff status, would attain age 75, or if no application for benefits or for refund has been filed with the administrator within the 50 years following the most recent date on which the employee was an active member, benefits or refunds may not be paid under AS 39.35.095 - 39.35.680 and the member's records may be destroyed.

REVISOR'S NOTES: Under sec. 144, ch. 9, FSSLA 2005, "AS 39.35.095 - 39.35.680" was substituted for "this chapter" in this section.

Sec. 39.35.500. Safeguard of Employee Funds held by the Plan; Transfer to Other Plans.

- (a) Except as provided in AS 29.45.030(a)(1) or in (b) of this section, employee contributions and other amounts held in the plan are exempt from Alaska state and local taxes. Except as provided in this subsection and in (b) of this section, amounts held on behalf of, or payable to, any employee or other person who is or may become eligible for benefits under the plan are not subject to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, or charge of any kind, either voluntary or involuntary, before being received by the person entitled to the amount under the terms of the plan. An attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge, or otherwise dispose of a right to amounts held under the plan is void. However, an employee's right to receive benefits or the member's employee contribution account may be assigned
- (1) under a qualified domestic relations order; or
 - (2) to a trust or similar legal device that meets the requirements for a Medicaid-qualifying trust under AS 47.07.020(f) and 42 U.S.C. 1396p(d)(4).
- (b) An inactive member may elect to have the taxable portion of an inactive employee contribution account transferred directly to another plan or an individual retirement arrangement qualified under the federal Internal Revenue Code that accepts the transfer.

NOTES TO DECISIONS: Amendment permitting assignment pursuant to domestic relations order. — The 1986 amendment to this section, permitting retirement benefits to be assigned pursuant to a qualified domestic relations order, merely codified the means by which to distribute an asset, and, as such, the amendment was procedural and could be applied retroactively. *Rice v. Rice*, 757 P.2d 60 (Alaska 1988).

Sec. 39.35.505. Exemption of Employee Funds and Benefits.

Employee contributions and other amounts held in the plan and retirement benefits payable under AS 39.35.095 - 39.35.680 are exempt from levy to enforce the collection of a debt as provided in AS 09.38 (exemptions).

HISTORY: (Sec. 7 ch 62 SLA 1982; am Sec. 31 ch 106 SLA 1988)

REVISOR'S NOTES: Enacted as AS 39.35.500(b). Renumbered in 1982.

Under sec. 144, ch. 9, FSSLA 2005, "AS 39.35.095 - 39.35.680" was substituted for "this chapter" and "plan" was substituted for "system" in this section.

Sec. 39.35.510. Voluntary Waiver of Benefits.

A retired employee may, in writing, request the administrator to suspend, for any period of time, payment of all or part of the benefits to which the employee is entitled. The administrator shall grant the request and may not require the retired employee to disclose a reason for desiring the suspension. Amounts that are suspended pursuant to the request are forfeited. The retired employee may subsequently terminate the suspension by filing a written notice with the administrator that states a desire to revoke the suspension. Upon receipt of the notice, the administrator shall authorize resumption of the retired employee's regular pension payments.

HISTORY: (Sec. 40 ch 143 SLA 1960; am Sec. 49 ch 128 SLA 1977)

Sec. 39.35.520. Adjustments.

- (a) When a change or error is made in the records maintained by the plan or in the contributions made on behalf of an employee or an error is made in computing a benefit, and, as a result, an employee or beneficiary is entitled to receive from the plan more or less than the employee would have been entitled to receive had the records or contributions been correct or had the error not been made, (1) the records, contributions, or error shall be corrected, and (2) as far as practicable, future payments or benefit entitlement shall be adjusted so that the actuarial equivalent of the pension or benefit to which the employee or beneficiary was correctly entitled shall be paid. An adjustment to contributions shall be picked up by the employer under AS 39.35.160 or treated as an adjustment to the employer's contributions under AS 39.35.255, depending upon the nature of the adjustment. If no future payment is due, a person who was paid any amount to which the person was not entitled is liable for repayment of that amount, and a person who was not paid the full amount to which the person was entitled shall be paid the balance of that amount.
- (b) An adjustment that requires the recovery of benefits may not be made under this section if
 - (1) the incorrect benefit was first paid two years or more before the member or beneficiary was notified of the error;
 - (2) the error was not the result of erroneous information supplied by the member or beneficiary; and
 - (3) the member or beneficiary did not have reasonable grounds to believe that the amount of the benefit was in error.
- (c) At least quarterly, the administrator shall report to the commissioner of administration on all situations since the administrator's last report in which an adjustment has been prohibited under (b) of this section. If the commissioner of administration finds that there is reason to believe that one or more of the conditions set out in (b) of this section have not been met, the administrator shall notify the member or beneficiary that an adjustment will be made to recover the overpayment. A member or beneficiary who receives notice of adjustment under this subsection may file a request with the commissioner of administration for a waiver of the adjustment under AS 39.35.522. An adjustment may not be required while the waiver request is pending.

- (d) The plan shall pay interest on amounts owed to a member or beneficiary. Interest shall be charged on amounts owed to the plan by a member or beneficiary if the amount owed is the result of erroneous information supplied by the member or beneficiary, or the member or beneficiary had reasonable grounds to believe the amount of the benefit was in error. The interest paid under this subsection is at the rate established by regulation for indebtedness contributions owed. Interest accrues from the date on which the correct payment was due and continues until an actuarial adjustment to the benefit is effective or the amount owed is paid. Accrued interest in amounts less than the limit established in regulation for writing off small indebtedness and refund balances may not be collected or paid under this subsection.

HISTORY: (Sec. 42 ch 143 SLA 1960; am Sec. 4 ch 81 SLA 1976; am Sec. 2 ch 15 SLA 1984; am Sec. 43 ch 82 SLA 1986; am Sec. 41 ch 59 SLA 2002; am Sec. 114, 132 ch 9 FSSLA 2005; am Sec. 14 ch 13 SLA 2008)

REVISOR'S NOTES: Section 114, ch. 9, FSSLA 2005, amended (c) of this section; sec. 132 of the same Act repealed that subsection. The actions had the same effective date. The legislative history of Senate Bill 141, the source of the Act, suggests that the proposed amendment of (c) of this section by the House State Affairs Committee was intended to effect change of the Senate-passed bill. The Senate-passed bill had proposed to repeal subsection (c), thereby eliminating independent review of recovery of benefits that had been allegedly paid in error. The House committee proposed to retain provisions relating to waiver and adjustment of benefits allegedly paid in error. The committee's version amended subsection (c) to provide a mechanism by which review or oversight would continue notwithstanding the Act's elimination of the Public Employees' Retirement Board that had considered them, but failed to eliminate the reference to (c) in the bill section calling for the subsection's repeal. Under AS 01.05.031(b)(7), to correct a manifest error by way of a neglected deletion and to give effect to the language added by the House, to which the Senate later agreed, the conflicting provision that repeals subsection (c) is not given effect.

Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in this section.

ADMINISTRATIVE CODE: For benefits under the defined benefit plan (AS 39.35.095 - 39.35.680), see 2 AAC 35, art. 3.

AMENDMENT NOTES: The 2002 amendment, effective June 20, 2002, in the first sentence in subsection (a) inserted "in the contributions made on behalf of an employee," substituted "is entitled to receive" for "receives," inserted "contributions" in two places, and inserted "or benefit entitlement"; and added the second sentence.

The 2005 amendment, effective July 28, 2005, in subsection (c) substituted "At least quarterly" for "At each regularly scheduled meeting of the Public Employees' Retirement Board" at the beginning, "commissioner of administration" for "board" in two places, "file a request with the commissioner of administration" for "appeal to the board", and "waiver request" for "appeal".

The 2008 amendment, effective July 1, 2008, substituted "AS 39.35.255" for "AS 39.35.270" in the second sentence of subsection (a).

EDITOR’S NOTES: Although Sec. 57, ch. 82, SLA 1986 provided that the amendment to this section made by Sec. 43, ch. 82, SLA 1986, which added subsection (d), applied only to members first hired under the Public Employees’ Retirement System after June 30, 1986, Sec. 57, ch. 82, SLA 1986 was amended by Sec. 34, ch. 106, SLA 1988 to delete Sec. 43, ch. 82, SLA 1986 from the sections applicable only to members first hired after June 30, 1986.

NOTES TO DECISIONS: Recapture under earlier provisions of AS 39.35.150 not an “adjustment.” — Public Employees’ Retirement System Board’s recalculation of member benefits under earlier provisions of AS 39.35.150(a) was not an “adjustment” triggering application of earlier requirements of AS 39.35.520(b), which prohibits downward adjustments under certain circumstances. *Alford v. State*, 195 P.3d 118 (Alaska 2008).

Sec. 39.35.522. Waiver of Adjustments.

- (a) Upon request by an affected member or beneficiary under (b) of this section, the commissioner of administration may waive an adjustment or any portion of an adjustment made under AS 39.35.520 if, in the opinion of the commissioner of administration,
 - (1) the adjustment or portion of the adjustment will cause undue hardship to the member or beneficiary;
 - (2) the adjustment was not the result of erroneous information supplied by the member or beneficiary;
 - (3) before the adjustment was made, the member or beneficiary received confirmation from the administrator that the employee’s or beneficiary’s records were correct; and
 - (4) the member or beneficiary had no reasonable grounds to believe the employee’s or beneficiary’s records were incorrect before the adjustment was made.
- (b) In order to obtain consideration of a waiver under this section, the affected member or beneficiary must appeal to the commissioner of administration in writing within 30 days after receipt of notice that the records have been adjusted.
- (c) **[Repealed 2005]**
- (d) A decision of the commissioner of administration under this section to deny a waiver under this section may be appealed to the office of administrative hearings. The office of administrative hearings may reverse the decision of the commissioner and may impose conditions on the granting of a waiver which it considers equitable. These

conditions may include requiring the member or beneficiary to make additional contributions to the plan.

REVISOR'S NOTES: In 2000, in subsection (e), "AS 39.35.047(c)" was substituted for "AS 39.35.077(c)" to reflect the 2000 renumbering of AS 39.35.077.

Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in this section. Also, in 2005, in complying with the instruction in Sec. 144(d), ch. 9, FSSLA 2005, to change "board" to "commissioner" in (b) and (d) of this section, the words "of administration" were added to maintain consistency with the amendment of (a) of this section by Sec. 115, ch. 9, FSSLA 2005.

ADMINISTRATIVE CODE: For administration, see 2 AAC 35, art. 2.

For benefits under the defined benefit plan (AS 39.35.095 - 39.35.680), see 2 AAC 35, art. 3.

AMENDMENT NOTES: The 2005 amendment, effective July 28, 2005, in subsection (a), in the introductory language substituted "request" for "appeal" in one place and "commissioner of administration" for "board" in two places, and deleted the former repeal lines for paragraphs (2) and (3), redesignating subsequent paragraphs accordingly; and repealed subsections (c) and (e).

The 2007 amendment, effective June 7, 2007, divided the former first sentence of subsection (d) into the present first and second sentences, and rewrote both.

NOTES TO DECISIONS: Hardship not found. — Application of recapture requirements under earlier version of AS 39.35.150(b) to early retirees' benefits from their first round of employment with the state did not entitle them to a hardship waiver under this section because reduction in the retirees' benefits was not an "adjustment" under AS 39.35.520(a). *Alford v. State*, 195 P.3d 118 (Alaska 2008).

Sec. 39.35.527. Election to Terminate Coverage as a Peace Officer or Firefighter.

- (a) Any active member may elect to irrevocably relinquish peace officer or firefighter status with the plan and to retain all credited service as if it had been acquired as a member other than a peace officer or firefighter.
- (b) In order to relinquish peace officer or firefighter status with the plan, a person must be an active member and must file a written request

with the administrator by July 1, 1984, or within six months after employment as a peace officer or firefighter, whichever occurs later. No person has more than one opportunity to exercise this option.

- (c) As soon as possible after the relinquishment, the administrator shall refund to a person who relinquishes peace officer or firefighter status under this section a refund equal to the amount by which the balance of the person's accumulated mandatory contributions plus interest exceeds the balance which would exist if all service credit had been acquired as a member other than a peace officer or firefighter.
- (d) A written request to relinquish peace officer or firefighter status is irrevocable upon filing with the administrator.

HISTORY: (Sec. 1 ch 27 SLA 1983)

REVISOR'S NOTES: In 1989, the term "fire fighter" was substituted for "fireman" in this section under Sec. 60, ch. 50, SLA 1989.

Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in this section.

Sec. 39.35.530. Limit on Pension.

An employee may not simultaneously receive a pension under more than one section of AS 39.35.095 - 39.35.680. However, benefits under AS 39.35.420(b), 39.35.430, 39.35.440 or 39.35.450 shall be paid in addition to the benefits or service credit a person is entitled to receive because of the person's own membership in the retirement plan. An employee may not (1) receive duplicate credit under this plan for the same period of service, (2) receive more than one year of service credit in the course of any calendar year, or (3) receive a benefit while accruing service credit under this plan, except as provided in this section.

HISTORY: (Sec. 42 ch 143 SLA 1960; am Sec. 61 ch 137 SLA 1982)

REVISOR'S NOTES: Under sec. 144, ch. 9, FSSLA 2005, "AS 39.35.095 - 39.35.680" was substituted for "this chapter" and "plan" was substituted for "system" in this section.

Sec. 39.35.535. Medical Benefits.

- (a) Except as provided in (d) of this section, the following persons are entitled to major medical insurance coverage under this section:
 - (1) for employees first hired before July 1, 1986,
 - (A) an employee who is receiving a monthly benefit from the plan and who has elected coverage;
 - (B) the spouse and dependent children of the employee described in (A) of this paragraph;
 - (C) the surviving spouse of a deceased employee who is receiving a monthly benefit from the plan and who has elected coverage;
 - (D) the dependent children of a deceased employee who are dependent on the surviving spouse described in (C) of this paragraph;
 - (2) for members first hired on or after July 1, 1986,
 - (A) an employee who is receiving a monthly benefit from the plan and who has elected coverage for the employee;
 - (B) the spouse of the employee described in (A) of this paragraph if the employee elected coverage for the spouse;
 - (C) the dependent children of the employee described in (A) of this paragraph if the employee elected coverage for the dependent children;
 - (D) the surviving spouse of a deceased employee who is receiving a monthly benefit from the plan and who has elected coverage;
 - (E) the dependent children of a deceased employee who are dependent on the surviving spouse described in (D) of this paragraph if the surviving spouse has elected coverage for the dependent children.
- (b) Except as provided in (d) of this section, after an election of coverage under this section, major medical insurance coverage takes effect on the same date that benefits begin, and stops when the member or survivor

is no longer eligible to receive a monthly benefit. The coverage for persons age 65 or older is the same coverage available for a person under 65 years of age. The benefits payable to persons age 65 or older supplement any benefits provided under the federal old age, survivors and disability insurance program. The medical premium and optional insurance premiums owed by a member or survivor shall be deducted from the benefit owed to the member or survivor before payment of the benefit.

(c) A benefit recipient may elect major medical insurance coverage in accordance with regulations and under the following conditions:

(1) a person, other than a disabled member or a disabled member who is appointed to normal retirement, must pay an amount equal to the full monthly group premium for retiree major medical insurance coverage if the person is

(A) younger than 60 years of age and has less than

(i) 25 years of credited service as a peace officer under AS 39.35.360 and 39.35.370; or

(ii) 30 years of credited service under AS 39.35.360 and 39.35.370 that is not service as a peace officer; or

(B) of any age and has less than 10 years of credited service;

(2) a person is not required to make premium payments for retiree major medical coverage if the person

(A) is a disabled member;

(B) is a disabled member who is appointed to normal retirement;

(C) is 60 years of age or older and has at least 10 years of credited service; or

(D) has at least

(i) 25 years of credited service as a peace officer under AS 39.35.360 and 39.35.370; or

(ii) 30 years of credited service under AS 39.35.360 and 39.35.370 not as a peace officer.

(d) Receipt under a qualified domestic relations order of a monthly benefit from the plan does not entitle a person or the person's spouse or child

to insurance coverage under (a) of this section. However, a member's former spouse who receives a monthly benefit under a qualified domestic relations order is entitled to receive major medical insurance coverage if the former spouse

- (1) elects the coverage within 60 days after the first monthly benefit paid under the order is mailed first class or otherwise delivered; and
 - (2) pays the premium established by the administrator for the coverage.
- (e) The administrator shall inform members who have requested appointment to retirement that the health insurance coverage available to retired members may be different from the health insurance coverage provided to employees. The administrator shall also notify those members of time limits for selecting optional health insurance coverage and whether the election is irrevocable. A member who has requested appointment to retirement shall indicate in writing on a form provided by the administrator that the member has received the information required by this subsection and whether the member has chosen to receive optional health insurance coverage.
- (f) On and after July 1, 2007, benefits under this section shall be provided in part by the Alaska retiree health care trust established under AS 39.30.097(a).

REVISOR'S NOTES: Subsection (d) was enacted as (c). Renumbered in 1986. Minor word changes were made in 1986 to reconcile amendments to the section made by chapters 82 and 117, SLA 1986.

Under sec. 144, ch. 9, FSSLA 2005, "plan" was substituted for "system" in this section.

ADMINISTRATIVE CODE: For major medical insurance, see 2 AAC 39, art. 3.

EDITOR'S NOTES: In general, a person's right to benefits under the state's public employee retirement systems vests when the person joins the system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981). Therefore, former law may govern the benefits of some members of the public employees' retirement system. The user is advised to ascertain which version of the statute is applicable. Earlier versions of the statutes can be found in prior editions of the Alaska Statutes or in the published Session Laws of Alaska.

Provisions relating to federal old-age, survivors, and disability insurance benefits may be found in 42 U.S.C. 301 – 1397f (Social Security Act).

Section 57, ch. 82, SLA 1986 provides: “Sections 16, 22-23, 25-27, 42-45, and 50 of this Act apply only to members first hired under the Public Employees’ Retirement System after June 30, 1986.”

Section 44, ch. 4, FSSLA 1996 provides that nothing in that Act, which amended subsection (c), “modifies or terminates the terms of a collective bargaining agreement in effect on July 1, 1996.” Under Sec. 45, ch. 4, FSSLA 1996, the provisions of that Act, which amended subsection (c), are not severable, notwithstanding AS 01.10.030.

NOTES TO DECISIONS: Applicability of benefits to same-sex couples. — Employee benefits programs, which included the post-retirement health insurance described in this section, were held violative of the rights of same-sex couples under Alaska Const. art. I, Sec. 1, where programs covered married public employees but not domestic partners. *Alaska Civ. Liberties Union v. State*, 122 P.3d 781 (Alaska 2005).

Sec. 39.35.541. Actuarial Reduction of Benefit.

- (a) If, as a result of service credit claimed for which there is a corresponding indebtedness existing at retirement, the member’s retirement benefit is actuarially reduced and the resultant benefit is less than it would have been if the service credit had not been claimed, the retirement benefit shall be equal to the amount it would have been had the service credit not been claimed.
- (b) This section does not apply to an election to use service credit and a corresponding indebtedness under AS 39.35.340(i).

- (b) Benefits paid under AS 39.35.095 - 39.35.680 may be subject to federal income taxes as provided in 26 U.S.C. 72.

HISTORY: (Sec. 17 ch 109 SLA 1970; am Sec. 50 ch 128 SLA 1977; am Sec. 42 ch 59 SLA 2002)

REVISOR'S NOTES: Under sec. 144, ch. 9, FSSLA 2005, "AS 39.35.095 - 39.35.680" was substituted for "this chapter" in this section.

AMENDMENT NOTES: The 2002 amendment, effective June 20, 2002, added subsection (b).

Sec. 39.35.547. Effect of Amendments.

- (a) An amendment of AS 39.35.095 - 39.35.680 is not retroactive unless its retroactivity is expressly stated in the amendment.
- (b) The monthly amount of a benefit payable under AS 39.35.095 - 39.35.680 shall be determined in accordance with the provisions of AS 39.35.095 - 39.35.680 in effect on the date of termination of the member's last segment of employment.

HISTORY: (Sec. 5 ch 81 SLA 1976; am Sec. 42 ch 13 SLA 1980)

REVISOR'S NOTES: Under sec. 144, ch. 9, FSSLA 2005, "AS 39.35.095 - 39.35.680" was substituted for "this chapter" in this section.

EDITOR'S NOTES: In general, a person's right to benefits under the state's public employee retirement systems vests when the person joins the system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981). Therefore, former law may govern the benefits of some members of the public employees' retirement system. The user is advised to ascertain which version of a particular statute is applicable. Earlier versions of the statutes can be found in prior editions of the Alaska Statutes or in the published Session Laws of Alaska.

NOTES TO DECISIONS: Constitutionality of 1976 amendment of AS 39.35.410 and 39.35.430.

— Insofar as the vested rights of those public safety employees hired before July 1, 1976, who choose to receive benefits under the public employees retirement system in effect at the time they were hired were diminished by the 1976 amendment of AS 39.35.410(d) and (g) and former 39.35.430(a) and 39.35.430(b), the amended subsections were violative of Alaska Const., art. XII, Sec. 7 as applied to those employees. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981).

Sec. 39.35.610. Transmittal of Contributions to Administrator; Claims Against Funds of an Employer.

- (a) The contributions of an employer and the contributions of its employees shall be transmitted to the administrator as soon as practicable after the close of the payroll period for which the contributions are made. Subject to (c) of this section, if an employer is delinquent in transferring the contributions for more than 15 days, interest shall be assessed on the outstanding contributions at one and one-half times the most recent actuarially determined rate of earnings for the retirement plan from the date that the contributions were originally due.
- (b) If contributions are not submitted within the prescribed time limit, the amount of contributions and interest due may be claimed by the administrator from any agency of the state or political subdivision that has in its possession funds of the employer or that is authorized to disburse funds to the employer that are not restricted by statute or appropriation to a specific purpose. The amount claimed shall be certified by the administrator as sufficient to pay the contributions and interest due from the employer. The agency shall submit the amount claimed, or the amount of funds of the employer subject to the administrator's claim that are in the agency's possession, whichever is less, to the administrator for deposit in the retirement fund and the Alaska retiree health care trust.
- (c) If an employer delinquent in transferring a contribution is a municipality in which the population decreased by more than 25 percent between 2000 and 2010, according to the decennial census conducted by the United States Bureau of the Census, the administrator may assess interest on the outstanding contribution at a rate less than the rate required in (a) of this section.

The 2008 amendment, effective July 1, 2008, substituted “agency shall submit the amount claimed, or the amount of funds of the employer subject to the administrator’s claim that are in the agency’s possession, whichever is less” for “amount claimed shall be submitted” in the last sentence of subsection (b).

The 2018 amendment, effective June 30, 2018, in (a), added “Subject to (c) of this section, if” at the beginning of the second sentence; added (c).

Sec. 39.35.615. Effect of Termination by Amendment of Agreement.

- (a) A political subdivision or public organization may request that its participation agreement be amended. The request may be made only after adoption of a resolution by the legislative body of the political subdivision and approval of the resolution by the person required by law to approve the resolution, or, in the case of a public organization, after adoption of a resolution by the governing body of that public organization. A certified copy of the resolution shall be filed with the administrator. An employer may not award past service to employees added to its participation agreement. When an employer requests to amend its participation agreement to add an elected official, the plan may cover that elected official only if the employer pays compensation to the elected official, for services as an elected official, in the amount of at least \$2,001 a month. If a political subdivision or public organization amends its participation agreement so as to terminate coverage of a department, group, or other classification of employees, each employee whose coverage is so terminated, regardless of the employee’s employment status at the date of termination, shall be considered fully vested in actuarially adjusted accrued retirement benefits as of the date of termination, unless
- (1) the employee’s contributions have been refunded; or
 - (2) the political subdivision or public organization amended its participation agreement to exclude coverage for the affected department, group, or other classification of employees at the written request of a majority of the employees employed in that department, group, or other classification at the time the request was made.
- (b) Each employee whose coverage is terminated must, within 60 days after the date of termination, inform the administrator, in writing, whether the employee wishes to obtain a refund or a vested benefit.

- (c) Each employee who elects to obtain a refund shall receive a refund of the balance of the employee contribution account. The vesting in accrued benefits for each employee who elects to obtain a refund is voided upon receipt of the refund, and the corresponding credited service may not be reinstated under AS 39.35.095 - 39.35.680. A partial refund may not be allowed under this section.

- (e) **[Repealed 2008]**
- (f) **[Repealed 2007]**
- (g) **[Repealed 2008]**
- (h) **[Repealed 2008]**
- (i) Termination of coverage of a department, group, or other classification of employees does not bar future coverage of that department, group, or classification if the employer is current with payments on amounts due under AS 39.35.625. If coverage of a department, group, or classification is terminated under (a) of this section and the employer later amends its participation agreement to provide renewed coverage of that department, group, or classification, an affected employee may be credited only with future service.

Sec. 39.35.620. Termination of Participation.

- (a) If the contributions are not transmitted to the commissioner of administration within the prescribed time limit, the commissioner may grant an extension. If the political subdivision or public organization is in default at the end of the extension, participation in the plan is terminated, and it shall be sent notice of termination.

- (b) All employees of the terminating employer whose contributions have not been refunded, regardless of their employment status at the date of termination, shall be considered fully vested in their adjusted accrued retirement benefits as of the date of termination of the employer.
- (c) **[Repealed 2007]**
- (d) Each employee of a terminating employer must, within 60 days of the employer's termination of participation, inform the administrator, in writing, whether the employee wishes to obtain a refund or a vested benefit.
- (e) Each employee who elects to obtain a refund shall receive a refund of the balance, determined as of the date of the employer's termination of participation, of the employee contribution account. The vesting in accrued benefits for each employee who elects to receive a refund is voided upon receipt of the refund and corresponding credited service may not be reinstated under AS 39.35.095 - 39.35.680. - (k) Termination of an employer's participation in the plan does not bar future participation in the system by that employer if the employer is current with payments on amounts due under AS 39.35.625. If a previously terminated employer returns to the system, the employer may only participate in the plan established under AS 39.35.700 - 39.35.990. Employees may be credited under AS 39.35.700 - 39.35.990 only with service subsequent to the date of return.

REVISOR'S NOTES: The intent of the amendment made by Sec. 109, ch. 127, SLA 1974, was to bring the former language of AS 39.35.620(b) into conformity with art. I, Sec. 3 of the Constitution of the State of Alaska. As the reenactment of that subsection by Sec. 29, ch. 1, SLA 1974 removed the necessity for the change in ch. 127, the reenacted version contained in ch. 1, SLA 1974 prevails.

Under sec. 144, ch. 9, FSSLA 2005, "AS 39.35.095 - 39.35.680" was substituted for "this chapter" and "plan" was substituted for "system" in this section.

- (1) during the payroll period to employees in positions for which coverage has been terminated;
 - (2) at the time of termination to employees in positions for which coverage has been terminated; or
 - (3) during the corresponding payroll period for the fiscal year ending June 30, 2008, to employees in positions for which coverage has been terminated.
- (b) Notwithstanding (a) of this section, the administrator may enter into a payment plan acceptable to the administrator for payment of an employer's liability for termination costs. Termination costs not paid as prescribed by (a) of this section or in accordance with an approved payment plan may be collected by the administrator in accordance with AS 39.35.610(b).
- (c) An employer requesting termination of all participation in the plan, termination of participation in the plan of a department, group, or other classification of employees, or a payment plan for payment of termination costs shall pay the cost associated with obtaining a termination cost study associated with the employer's termination.

Notwithstanding any contrary provision of law, the administrator may modify a request by a member to make a contribution to a plan if the amount of the contribution would exceed the limits provided in 26 U.S.C. 415 by using the following methods:
 - (1) if the law requires a lump sum payment for the purchase of service credit, the administrator may establish a periodic payment plan for the member to avoid a contribution in excess of the limits under 26 U.S.C. 415(c) or (n);
 - (2) if a periodic payment plan under (1) of this subsection will not avoid a contribution in excess of the limits imposed by 26 U.S.C. 415(c), the administrator may either reduce the member’s contribution to an amount within the limits of that section or refuse the member’s contribution.

- (1) “active member” means an employee who is employed by an employer, is receiving compensation for seasonal, permanent full-time, or permanent part-time services, and is making contributions to the plan;
- (2) “actuarial adjustment” means the adjustment necessary to obtain equality in value of the aggregate expected payments under two different forms of pension payments, considering expected mortality and interest earnings on the basis of assumptions, factors, and methods specified in regulations issued under this plan that are formally adopted by the board that clearly preclude employer discretion in the determination of the amount of any member’s benefit;

- (4) “average monthly compensation” means the result obtained by dividing the compensation earned by an employee during a considered period by the number of months, including fractional months, for which compensation was earned; an employee must have at least 115 days of credited service in the last payroll year in order for that year to be used as part of the consecutive payroll years; the considered period consists of
 - (A) for employees first hired before July 1, 1996, the three consecutive payroll years during the period of credited service that yield the highest average;
 - (B) for employees first hired on or after July 1, 1996, the five consecutive payroll years during the period of credited service that yield the highest average;
 - (C) if the employee does not have the number of consecutive payroll years required by (A) or (B) of this paragraph, the actual number of months, including fractional months, that the employee worked;

REVISOR'S NOTES: Reorganized in 1986, 2005, and 2008 to alphabetize the defined terms.

Minor word changes were made in 1989 to reconcile amendments to (22)(C)(iv) [formerly (21)(C)(iv)] of this section by chapters 58 and 104 SLA 1989.

In 1999, in this section, "Department of Education" was changed to "Department of Education and Early Development" in accordance with Sec. 89, ch. 58, SLA 1999.

In the 2000 amendment of paragraph (4), the revisor of statutes deleted the word "and" set out at the end of subparagraph (4)(A) to correct a manifest error.

Under sec. 144, ch. 9, FSSLA 2005, "AS 39.35.095 - 39.35.680" was substituted for "this chapter" and "plan" was substituted for "system" in various paragraphs of this section.

AMENDMENT NOTES: The 2001 amendment, effective March 1, 2002, in paragraph (17) [now (18)], added subparagraph (B) and the subparagraph designations; and, effective October 8, 2001, in paragraph (28) [now (30)], inserted "regional public safety officer," and added the language beginning "but does not include" to the end.

The 2002 amendment, effective June 20, 2002, in paragraph (2) inserted "the adjustment necessary to obtain" and substituted "referred to in the information handbook published under AS 39.35.060(8)" for "adopted from time to time by the board"; in paragraph (4) added subparagraph (E); and in paragraph (34) [now (37)] added present subparagraph (E) and redesignated former subparagraphs (E)-(G) as subparagraphs (F)-(H).

The 2004 amendment, effective June 26, 2004, rewrote paragraph (2), and deleted paragraph (17)(B) [now (18)(B)], relating to village public safety officers, making related changes.

The 2005 amendment, effective July 28, 2005, in paragraph (2) substituted "plan" for "system" and deleted "under AS 39.35.042" following "formally adopted"; in paragraph (6) substituted "Alaska Retirement Management Board" for "Public Employees' Retirement Board"; deleted "the optional" preceding "university retirement" in item (21)(C)(iv) [now (22)(C)(iv)]; in paragraph (34) [now (37)] substituted "retirement plan" for "system" in subparagraph (E) and "AS 39.35.095 - 39.35.680" for "this chapter" in subparagraphs (F) and (G); and added paragraphs (41) and (42) [now (8) and (34)].

The 2006 amendment, effective April 4, 2006, deleted “or who is eligible for a refund under AS 39.35.200(b)” at the end of paragraph (20), and made a related stylistic change.

The 2007 amendment, effective June 7, 2007, substituted “or the commissioner’s designee appointed under AS 38.35.003” for “under AS 39.35.050” in paragraph (3), inserted “an amount that is contributed by the employer under a salary reduction agreement and that is not includable in the gross income of the employee under 26 U.S.C. 125 or 132(f)(4)” in paragraph (9), added “based on a resolution to participate in the plan that was approved by the administrator on or before July 1, 2006” in paragraph (18)(B), added paragraph (18)(C), and made related changes.

The 2008 amendment, effective July 1, 2008, added paragraph (43) [now (28)].

The 2011 amendment, effective May 10, 2011, substituted “the Alaska Court System” for “courts” in (22)(C)(vii).

The 2015 amendment, effective May 15, 2015, in (37)(A), substituted “an employee contribution” for “employee contribution”.

EDITOR’S NOTES: Section 4, ch. 58, SLA 1979, purported to add a paragraph to this section, effective if approved in a special election conducted by the Department of Administration among the active members of the public employees’ retirement system. The amendment was rejected.

Section 57, ch. 82, SLA 1986 provides: “Sections 16, 22-23, 25-27, 42-45, and 50 of this Act apply only to members first hired under the Public Employees’ Retirement System after June 30, 1986.”

Section 58, ch. 82, SLA 1986, provides that the definition of “compensation” as repealed and reenacted by sec. 49, ch. 82, SLA 1986 applies “only to members first hired under the Public Employees’ Retirement System after December 31, 1986.”

Chapter 205, SLA 1975, which amended this section, was submitted to the voters by referendum and was rejected.

Section 44, ch. 4, FSSLA 1996 provides that nothing in that Act, which amended the definition of “average monthly compensation,” modifies or terminates the terms of a collective bargaining agreement in effect on July 1, 1996.” Under Sec. 45, ch. 4, FSSLA 1996, the provisions of that Act, which amended the definition of “average monthly compensation,” are not severable, notwithstanding AS 01.10.030.

In general, a person’s right to benefits under the state’s public employee retirement systems vests when the person joins the system. *Hammond v. Hoffbeck*, 627 P.2d 1052 (Alaska 1981). Therefore, former law may govern the benefits of some members of the public employees’ retirement system. The user is advised to ascertain which version of the statute is applicable. Earlier versions of the statutes can be found in prior editions of the Alaska Statutes or in the published Session Laws of Alaska.

Section 13, ch. 97, SLA 2001 provides that the amendments to this section made by ch. 97, SLA 2001 do “not modify the terms of a contract between the state and a nonprofit regional corporation in existence on the effective date of this Act.” The effective date of Sec. 7, ch. 97, SLA 2001, which amended this section, was March 1, 2002.

NOTES TO DECISIONS: The thrust of the exemptions in this chapter, the State Personnel Act, AS 39.25.110, and the statutory leave provisions for state employees, AS 39.20.310, is to provide for those public employees who are not susceptible to ordinary recruiting and examining procedures. *Hafling v. Inlandboatmen’s Union*, 585 P.2d 870 (Alaska 1978).

“Employees” construed. — A former employee who had withdrawn his Public Employees’ Retirement System (PERS) contributions is not eligible for occupational disability benefits.

Only “employees” are eligible for occupational disability benefits under PERS. “Former members” of PERS are not considered “employees.” “Former member” includes any employee who has received a total refund of the balance of the employee contribution account, or who has requested in writing a refund of the balance in the employee contribution account. *Waller v. Stalnaker*, 915 P.2d 637 (Alaska 1996).

“Actuarial equivalent” not an adjustment. — Public Employees’ Retirement System Board’s recalculation of member benefits under earlier requirement of AS 39.35.150 to reduce subsequent retirement benefits by the “actuarial equivalent” of retirement benefits previously received was not an “adjustment” triggering application of earlier requirements of AS 39.35.520(b), which prohibits downward adjustments under certain circumstances. *Alford v. State*, 195 P.3d 118 (Alaska 2008).

Cashed-in leave as “compensation.” — Before the Alaska Legislature amended former AS 39.35.680(4) in 1977, by 1977 SLA ch. 128, Sec. 54 (which did specifically exclude cashed-in leave while said statute was silent on the subject), neither by law nor by practice did a former state employee, hired in 1969, acquire a right to have his cashed-in leave included as part of his compensation, and he therefore had no right that could have been impaired when the legislature excluded cashed-in leave from the definition of compensation; accordingly, the Alaska Public Employees’ Retirement Board’s refusal to allow the former state employee to include his cashed-in leave when calculating his retirement benefits did not violate Alaska Const. art. XII, Sec. 7. *McMullen v. Bell*, 128 P.3d 186 (Alaska 2006).

“Occupational disability.” — The Public Employees’ Retirement Board applied the correct legal standard in considering whether an occupational injury had been a “substantial factor” in the employee’s disability, and there was substantial evidence to support the Board’s conclusion that the employee’s disability was caused by a degenerative hip condition unrelated to her work. *Lopez v. Administrator, Pub. Employees’ Retirement Sys.*, 20 P.3d 568 (Alaska 2001).

Presumably permanent disability. — An employee who is seeking occupational or nonoccupational disability benefits must prove that her condition is more likely than not permanent and, if she meets that burden, her condition is presumably permanent and she is entitled to disability benefits. *Stalnaker v. Williams*, 960 P.2d 590 (Alaska 1998).

In determining an employees’ entitlement to occupational-disability benefits, the Public Employees’ Retirement Board erred by looking for evidence of a permanent, rather than presumably permanent, disability. *Stalnaker v. Williams*, 960 P.2d 590 (Alaska 1998).

No mental disability found. — Employee’s application for disability benefits from the Alaska Public Employees Retirement System was properly denied because the employee’s mental condition did not amount to an occupational or nonoccupational disability; out of nine physicians and psychologists, only one concluded that the employee could not work because of depression and post-traumatic stress disorder. *McKittrick v. State*, 284 P.3d 832 (Alaska 2012).

Termination of benefits under “75% rule” where employment found outside PERS. — Under the definition of “occupational disability” in this section, a state employee was eligible for benefits if he could not perform his old job or a comparable job made available by a Public Employees’ Retirement System (PERS) employer, but found a well-paying job outside PERS; the “75% rule”, by which a comparable position was determined as one which provided a compensation of 75% or more of the salary used to calculate the member’s PERS occupational disability benefit, which appeared in the version of a regulation (2 AAC 35.291(a)) in effect at the time of employee’s termination, was contrary to the statutory definition of “employer”. *State v. Morton*, 123 P.3d 986 (Alaska 2005).

“Qualified domestic relations order.” — Court had authority to approve a post-dissolution qualified domestic relations order where parties agreed when they dissolved their marriage, eight years earlier to divide husband’s retirement benefits, and wife should have been awarded survivor benefits, as an integral part of what the parties agreed to divide. *Zito v. Zito*, 969 P.2d 1144 (Alaska 1998).

Where an original marriage dissolution order includes an agreement to divide the marital interest in retirement benefits, issuance of a post-dissolution qualified domestic relations order neither adds to nor modifies the original judgment; a QDRO simply enforces a court order calling for division of retirement benefits. *Zito v. Zito*, 969 P.2d 1144 (Alaska 1998).

Retirement benefits encompasses survivor benefits. — Barring an express understanding to the contrary, an agreement for equitable division of retirement benefits earned during a marriage presumptively encompasses survivor benefits. *Zito v. Zito*, 969 P.2d 1144 (Alaska 1998).

Applied in *Hester v. State, Pub. Employees' Retirement Bd.*, 817 P.2d 472 (Alaska 1991).

Quoted in *State, Pub. Employees Retirement Bd. v. Cacioppo*, 813 P.2d 679 (Alaska 1991); *Rhines v. State*, 30 P.3d 621 (Alaska 2001).

- (c) Changes in elections are not allowed on or after seven days before the benefit commencement date.

HISTORY: (Sec. 122 ch 9 FSSLA 2005)

Sec. 39.35.840. Distribution Requirements.

- (a) Payments to a participant shall commence as soon as administratively feasible following the distribution commencement date. The distribution commencement date is the first date on which one of the following occurs:
 - (1) a member meets the requirements of AS 39.35.810 and has made a complete application for payment under AS 39.35.830;
 - (2) a participant has elected to defer receipt of the account to a date specified, the date has been attained, and the participant has made a complete application for payment;
 - (3) a member attains normal retirement age and has not made an application for payment or elected to defer receipt of the account to a date later than normal retirement age;
 - (4) a member's beneficiary does not make an application for benefits, and five years have elapsed since the member's death;
 - (5) notwithstanding (1) - (4) of this subsection, a participant whose account has a balance of \$1,000 or less meets the requirements of AS 39.35.810, at which time the participant must take payment of the participant's account.
- (b) The entire interest of a member must be distributed or must begin to be distributed not later than the member's required beginning date.
- (c) If a member dies after the distribution of the member's interest has begun but before the distribution has been completed, the remaining portion of the interest shall continue to be distributed at least as rapidly as under the method of distribution being used before the member's death.
- (d) If a member has made a distribution election and dies before the distribution of the member's interest begins, distribution of the member's entire interest shall be completed by December 31 of the

calendar year containing the fifth anniversary of the member's death. However, if any portion of the member's interest is payable to a designated beneficiary, distributions may be made over the life of the designated beneficiary or over a period certain not greater than the life expectancy of the designated beneficiary, commencing on or before December 31 of the calendar year immediately following the calendar year in which the member died, and, if the designated beneficiary is the member's surviving spouse, the date distributions are required to begin may not be earlier than the later of December 31 of the calendar year (1) immediately following the calendar year in which the member died, or (2) in which the member would have attained 70 1/2 years of age, whichever is earlier. If the surviving spouse dies after the member but before payments to the spouse have begun, the provisions of this subsection apply as if the surviving spouse were the member. An amount paid to a child of the member shall be treated as if it were paid to the surviving spouse if the amount becomes payable to the surviving spouse when the child reaches the age of majority.

- (e) If a member has not made a distribution election before the member's death, the member's designated beneficiary must elect the method of distribution not later than December 31 of the calendar year (1) in which distributions would be required to begin under this section, or (2) that contains the fifth anniversary of the date of death of the member, whichever is earlier. If the member does not have a designated beneficiary or if the designated beneficiary does not elect a method of distribution, distribution of the member's entire interest must be completed by December 31 of the calendar year containing the fifth anniversary of the member's death.
- (f) For purposes of (b) of this section, distribution of a member's interest is considered to begin (1) on the member's required beginning date, or (2) if the designated beneficiary is the member's surviving spouse and the surviving spouse dies after the member but before payments to the spouse have begun, on the date distribution is required to begin to the surviving spouse. If distribution in the form of an annuity irrevocably commences to the member before the required beginning date, the date distribution is considered to begin is the date that the distribution actually commences.
- (g) Notwithstanding any contrary provisions of AS 39.35.700 - 39.35.990, the requirements of this section apply to all distributions of a member's interest and take precedence over any inconsistent provisions of AS 39.35.700 - 39.35.990.

- (h) All distributions required under this section are determined and made in accordance with 26 U.S.C. 401(a)(9) and regulations adopted under that statute, including any minimum distribution incidental benefit requirement.
- (i) In this section,
 - (1) “designated beneficiary” means the individual who is designated as the beneficiary under the plan in accordance with 26 U.S.C. 401(a)(9) and regulations adopted under that statute;
 - (2) “required beginning date” means the first day of April of the calendar year following the calendar year in which the member either attains 70 1/2 years of age or actually terminates employment, whichever is later.

HISTORY: (Sec. 122 ch 9 FSSLA 2005)

Sec. 39.35.850. Designation of Beneficiary.

- (a) Each participant shall have the right to designate a beneficiary and shall have the right, at any time, to revoke the designation or to substitute another beneficiary, subject to the following limitation: if a married member elects a nonspouse beneficiary, the value of the benefit payable to the beneficiary may not exceed 50 percent of the member’s portion of the account balance, and the member’s spouse shall automatically be considered the beneficiary for the remaining 50 percent of the account balance, unless the spouse consents to the beneficiary designation in a writing that is notarized or witnessed by the administrator. If the spouse consents in this manner, a married member may designate a nonspouse beneficiary for the entire benefit or any portion the benefit as part of an available form of payment contained in this plan,
 - (1) except to the extent a qualified domestic relations order filed with the administrator provides for payment to a former spouse or other dependent of the member; or
 - (2) unless the member filed a revocation of beneficiary accompanied by a written consent to the revocation from the present spouse and each person entitled under the order; however, consent of the present spouse is not required if the member and the present spouse had been married for less than one year on the date of the

member's death and if the member established when filing the revocation that the member and the present spouse were not cohabiting.

- (b) Except as provided in (a) of this section, the member may change or revoke the designation without notice to the beneficiary or beneficiaries at any time. If a member designates more than one beneficiary, each shares equally unless the member specifies a different allocation or preference. The designation of a beneficiary, a change or revocation of a beneficiary, and a consent to revocation of a beneficiary shall be made on a form provided by the administrator and is not effective until filed with the administrator.
- (c) If a member fails to designate a beneficiary, or if no designated beneficiary survives the member, the death benefit shall be paid
 - (1) to the surviving spouse or, if there is none surviving;
 - (2) to the surviving children of the member in equal parts or, if there are none surviving;
 - (3) to the surviving parents in equal parts or, if there are none surviving;
 - (4) to the estate.
- (d) A person claiming entitlement to benefits payable under AS 39.35.700 - 39.35.990 as a consequence of a member's death shall provide the administrator with a marriage certificate, divorce or dissolution judgment, or other evidence of entitlement. Documents establishing entitlement may be filed with the administrator immediately after a change in the member's marital status. If the administrator does not receive notification of a claim before the date 10 days after the member's death, the person claiming entitlement is not entitled to receive from the division of retirement and benefits any benefit already paid by the administrator.

Sec. 39.35.860. Rights Under Qualified Domestic Relations Order.

- (a) Notwithstanding the nonalienation provisions in AS 39.35.900(a), the plan administrator may direct that benefits be paid to someone other than a member or beneficiary under a valid qualified domestic relations order that is executed by the judge of a competent court in accordance with applicable state law and that has been accepted by the administrator.
- (b) The administrator shall determine whether an order meets the requirements of this section within a reasonable period after receiving an order. The administrator shall notify the member and any alternate payee that an order has been received and indicate to the member and any alternate payee when the order is accepted. A separate account for the alternate payee portion shall be established as soon as administratively feasible after the order has been accepted by the administrator.

HISTORY: (Sec. 122 ch 9 FSSLA 2005)

Sec. 39.35.870. Eligibility for Retirement and Medical Benefits.

- (a) In order to obtain medical benefits under AS 39.35.880, an active member must retire directly from the plan. A member is eligible to retire from the plan if the member has been an active member for at least 12 months before application for retirement and
 - (1) the member has at least 25 years of membership service as a peace officer or firefighter or at least 30 years of membership service for all other employees; or
 - (2) the member reaches the normal retirement age and has at least 10 years of membership service.
- (b) The normal retirement age is the age set for Medicare eligibility at the time the member retires.
- (c) A member's surviving spouse is eligible to elect medical benefits under AS 39.35.880 if the member had retired, or was eligible for retirement and medical benefits at the time of the member's death.
- (d) Members shall apply for retirement and medical benefits on the forms and in the manner prescribed by the administrator.

- (e) Participation in the retiree major medical insurance plan is not required in order to participate in the health reimbursement arrangement.
- (f) A person eligible for retirement and medical benefits is not required to participate in the health reimbursement arrangement in order to participate in the retiree major medical insurance plan.
- (g) An eligible person must make the irrevocable election to participate or not participate in the retiree major medical insurance plan by reaching 70 1/2 years of age, or upon application for retirement and medical benefits, whichever is later.

HISTORY: (Sec. 122 ch 9 FSSLA 2005)

Sec. 39.35.880. Medical Benefits.

- (a) The medical benefits available to eligible persons are access to the retiree major medical insurance plan and to the health reimbursement arrangement under AS 39.30.300. Access to the retiree major medical insurance plan means that an eligible person may not be denied insurance coverage except for failure to pay the required premium.
- (b) Retiree major medical insurance plan coverage elected by an eligible member under this section covers the eligible member, the spouse of the eligible member, and the dependent children of the eligible member.
- (c) Retiree major medical insurance plan coverage elected by a surviving spouse of an eligible member under this section covers the surviving spouse and the dependent children of the eligible member who are dependent on the surviving spouse.
- (d) Major medical insurance coverage takes effect on the first day of the month following the date of the administrator's approval of the election and stops when the person who elects coverage dies or fails to make a required premium payment.
- (e) The coverage for persons 65 years of age or older is the same as that available for persons under 65 years of age. The benefits payable to those persons 65 years of age or older supplement any benefits provided under the federal old age, survivors and disability insurance program.

- (f) The medical and optional insurance premiums owed by the person who elects coverage may be deducted from the health reimbursement arrangement. If the amount of the health reimbursement arrangement becomes insufficient to pay the premiums, the person who elects coverage under (a) of this section shall pay the premiums directly.
- (g) The cost of premiums for retiree major medical insurance coverage for an eligible member or surviving spouse who is
 - (1) not eligible for Medicare is an amount equal to the full monthly group premiums for retiree major medical insurance coverage;
 - (2) eligible for Medicare is the following percentage of the premium amounts established for retirees who are eligible for Medicare:
 - (A) 30 percent if the member had 10 or more, but less than 15, years of service;
 - (B) 25 percent if the member had 15 or more, but less than 20, years of service;
 - (C) 20 percent if the member had 20 or more, but less than 25, years of service;
 - (D) 15 percent if the member had 25 or more, but less than 30, years of service;
 - (E) 10 percent if the member had 30 or more years of service.
- (h) The eligibility for retiree major medical insurance coverage for an alternate payee under a qualified domestic relations order shall be determined based on the eligibility of the member to elect coverage. The alternate payee shall pay the full monthly premium for retiree major medical insurance coverage.
- (i) A person who is entitled to retiree major medical insurance coverage shall
 - (1) be informed by the administrator in writing
 - (A) that the health insurance coverage available to retired members may be different from the health insurance coverage provided to employees;
 - (B) of time limits for selecting optional health insurance coverage and whether the election is irrevocable; and

- (2) indicate in writing on a form provided by the administrator that the person has received the information required by this subsection and whether the person has chosen to receive optional health insurance coverage.
- (j) The monthly group premiums for retiree major medical insurance coverage are established by the administrator in accordance with AS 39.30.095. Nothing in AS 39.35.700 - 39.35.990 guarantees a person who elects coverage under (a) of this section a monthly group premium rate for retiree major medical insurance coverage other than the premium in effect for the month in which the premium is due for coverage for that month.
- (k) In this section, “health reimbursement arrangement” means the plan established in AS 39.30.300.

HISTORY: (Sec. 122 ch 9 FSSLA 2005)

Sec. 39.35.890. Occupational Disability Benefits and Reemployment of Disabled Employees.

- (a) An employee is eligible for an occupational disability benefit if employment is terminated because of a total and apparently permanent occupational disability before the employee’s normal retirement date.
- (b) The occupational disability benefits accrue beginning the first day of the month following termination of employment as a result of the disability and are payable the last day of the month. If a final determination granting the benefit is not made in time to pay the benefit when due, a retroactive payment shall be made to cover the period of deferment. The last payment shall be for the first month in which the disabled employee
 - (1) dies;
 - (2) recovers from the disability;
 - (3) fails to meet the requirements under (f), (j), or (m) of this section; or
 - (4) reaches normal retirement age.
- (c) If the disabled employee becomes ineligible to receive occupational disability benefits before the normal retirement date, the disabled

employee shall then be entitled to receive retirement benefits if the employee would have been eligible for the benefit had employment continued during the period of disability. The period of disability constitutes membership service in regard to determining eligibility for retirement.

- (d) The monthly amount of an occupational disability benefit is 40 percent of the disabled employee's gross monthly compensation at the time of termination due to disability. Notwithstanding AS 39.35.790(b), at the time a member is appointed to disability, the member becomes fully vested in the employer contributions made under AS 39.35.750(a). A disabled member is fully vested in the contributions to the member's individual account made under this subsection. An employee is not entitled to elect distributions from the employee's individual contribution account under AS 39.35.810 while the employee is receiving disability benefits under this section. While an employee is receiving disability benefits, based on the disabled employee's gross monthly compensation at the time of termination due to disability, the employer shall make contributions
 - (1) to the employee's individual account under AS 39.35.730 on behalf of the employee, without deduction from the employee's disability payments; and
 - (2) on behalf of the employee under AS 39.35.750.
- (e) An employee is not entitled to an occupational disability benefit unless the employee files an application for an occupational disability benefit with the administrator within 90 days after the date of terminating employment. If the employee is unable to meet a filing requirement of this subsection, the filing requirement may be waived by the administrator if there are extraordinary circumstances that resulted in the employee's inability to meet the filing requirement.
- (f) A disabled employee receiving an occupational disability benefit shall undergo a medical examination as often as the administrator considers advisable, but not more frequently than once each year. The administrator shall determine the place of the examination and engage the physician or physicians. If, in the judgment of the administrator, the examination indicates that the retired employee is no longer incapacitated because of a total and apparently permanent occupational disability, the administrator may not issue further disability benefits to the employee.

- (g) A disabled employee's occupational disability benefit terminates the last day of the month in which the disabled employee first qualifies for normal retirement. At that time, the employee's retirement benefit shall be determined under the provisions of AS 39.35.820 - 39.35.840, 39.35.870, and 39.35.880. An employee whose occupational disability benefit terminates under this subsection shall be considered to have retired directly from the plan.
- (h) Notwithstanding (g) of this section, at the time a peace officer or firefighter receiving occupational disability benefits under this section first attains eligibility for normal retirement, the employee shall irrevocably elect to receive retirement benefits in the amount calculated as the
- (1) employee's retirement benefit calculated under the provisions of AS 39.35.820 - 39.35.840; or
 - (2) employee's retirement benefit calculated as if the provisions of AS 39.35.370(c) were to apply; however, pension benefits paid under this paragraph must be paid first from the peace officer's or firefighter's individual contribution account, and the remaining benefits must be paid from the trust account established under AS 39.35.750(e); the peace officer or firefighter may not elect other distributions from the peace officer's or firefighter's individual contribution account under AS 39.35.810.
- (i) Notwithstanding (b)(3) of this section, a peace officer or firefighter who retires under (h) of this section is not subject to the requirements of (f) or (j) of this section during retirement.
- (j) An employee appointed to disability benefits shall apply to the division of vocational rehabilitation within 30 days after the date disability benefits commence. The employee shall be enrolled in a rehabilitation program if the employee meets the eligibility requirements of the division of vocational rehabilitation. Unless the employee demonstrates cause, benefits shall terminate at the end of the first month in which a disabled employee
- (1) fails to report to the division of vocational rehabilitation;
 - (2) is certified by the division of vocational rehabilitation as failing to cooperate in a vocational rehabilitation program;
 - (3) fails to interview for a job; or

(4) fails to accept a position offered.

- (k) Upon the death of a disabled employee who is receiving or is entitled to receive an occupational disability benefit, the administrator shall pay the surviving spouse a surviving spouse's pension, equal to 40 percent of the employee's monthly compensation at the time of termination of employment because of occupational disability. If there is no surviving spouse, the administrator shall pay the survivor's pension in equal parts to the dependent children of the employee. While the monthly survivor's pension is being paid, the survivor is not entitled to elect distributions from the employee's individual contribution account under AS 39.35.810. The first payment of the surviving spouse's pension or of a dependent child's pension shall accrue from the first day of the month following the employee's death and is payable the last day of the month. The last payment shall be made the last day of the last month in which there is an eligible surviving spouse or dependent child, or the last day of the month in which the employee would have first qualified for normal retirement if the employee had survived, whichever day is sooner. A retirement benefit shall be determined under the provisions of AS 39.35.820 - 39.35.840, 39.35.870, and 39.35.880 based on the date the employee would have first qualified for normal retirement if the employee had survived. In addition to payment of the member's individual account, the surviving spouse or, if there is no surviving spouse, the surviving dependent children of the member, shall receive an additional benefit in an amount equal to the accumulated contributions that would have been made to the deceased member's individual account under AS 39.35.730(a) and 39.35.750(a), based on the deceased member's gross monthly compensation at the time of occupational disability, from the time of the member's death to the date the member would have first qualified for normal retirement if the member had survived. Earnings shall be allocated to the additional benefit calculated under this subsection based on the actual rate of return, net of expenses, of the trust account established under AS 39.35.750(e) over the period that the contributions would have been made. This additional amount and allocated earnings shall be paid in the same manner as determined for the member's individual account under AS 39.35.820 - 39.35.860 to the extent permitted by the Internal Revenue Service. For the purpose of determining eligibility of an employee's survivor who is receiving a benefit under this subsection for medical benefits under AS 39.35.870 - 39.35.880, an employee who died while receiving disability benefits shall be considered to have retired directly from the plan on the date the employee would have first qualified for normal

retirement if the employee had survived. The period during which the employee was eligible for a disability benefit and the period during which a survivor's pension is paid to a survivor under this subsection each constitute membership service for the purposes of determining eligibility for medical benefits under AS 39.30.300 - 39.30.495 and AS 39.35.700 - 39.35.990.

- (l) While a survivor under (k) of this section is receiving a survivor's pension, the employer of the deceased employee shall make contributions with respect to the survivor based on the deceased employee's gross monthly compensation at the time of termination due to disability
 - (1) that would have been paid to the employee's individual account under AS 39.35.730 and 39.35.750(a), to the trust account established under AS 39.35.750(e), without deduction from the survivor's pension; and
 - (2) to the appropriate accounts and funds under AS 39.35.750(b) - (e).
- (m) In this section, "occupational disability" means a physical or mental condition that the administrator determines presumably permanently prevents an employee from satisfactorily performing the employee's usual duties or the duties of another comparable position or job available to the employee and for which the employee is qualified by training or education; however, the proximate cause of the condition must be a bodily injury sustained, or a hazard undergone, while in the performance and within the scope of the employee's duties and not the proximate result of the wilful negligence of the employee.

Sec. 39.35.891. Disability Benefit and Disabled Peace Officer or Firefighter Retirement Benefit Adjustment.

- (a) Once each year, the administrator shall increase disability benefits and retirement benefits elected by disabled peace officers or firefighters under AS 39.35.890(h)(2). The amount of the increase is a percentage of the current disability benefit or retirement benefit equal to the lesser of 75 percent of the increase in the cost of living in the preceding calendar year or nine percent.
- (b) If a disabled member was not receiving a benefit during the entire preceding calendar year, the increase in the benefit under this section shall be adjusted by multiplying it by a fraction, the numerator of which is the number of months for which the benefit was received in the preceding calendar year and the denominator of which is 12.
- (c) If a disabled peace officer or firefighter elects to receive a retirement benefit in the amount calculated under AS 39.35.890(h)(2), the administrator shall, at the time the disabled peace officer or firefighter is appointed to retirement, increase the retirement benefit by a percentage equal to the total cumulative percentage that has been applied to the disabled peace officer's or firefighter's disability benefit under this section.
- (d) An increase in benefit payments under this section is effective July 1 of each year and is based on the percentage increase in the Consumer Price Index for urban wage earners and clerical workers for Anchorage, Alaska, during the previous calendar year, as determined by the United States Department of Labor, Bureau of Labor Statistics.
- (e) Benefit adjustments under this section shall terminate the last day of the month following the date on which a disabled member is no longer receiving a disability benefit under AS 39.35.890, unless the member is a disabled peace officer or firefighter and has chosen a retirement benefit under AS 39.35.890(h)(2).

Sec. 39.35.892. Occupational Death Benefit.

- (a) If (1) the death of an employee occurs before the employee's retirement and before the employee's normal retirement date, (2) the proximate cause of death is a bodily injury sustained or a hazard undergone while in the performance and within the scope of the employee's duties, and (3) the injury or hazard is not the proximate result of wilful negligence of the employee, a monthly survivor's pension shall be paid to the surviving spouse. If there is no surviving spouse or if the spouse later dies, the monthly survivor's pension shall be paid in equal parts to the dependent children of the employee.
- (b) The first payment of the surviving spouse's pension or of a dependent child's pension shall be made for the month following the month in which the employee dies. Payments shall cease on the last day of the month in which there is no longer an eligible spouse or eligible dependent child, or the last day of the month following the earliest date the employee would have first qualified for normal retirement if the employee had survived, whichever day is sooner.
- (c) The monthly survivor's pension in (b) of this section for survivors of employees who were not peace officers or firefighters is 40 percent of the employee's monthly compensation in the month in which the employee dies. The monthly survivor's pension in (b) of this section for survivors of employees who were peace officers or firefighters is 50 percent of the monthly compensation in the month in which the employee dies. While the monthly survivor's pension is being paid, the survivor is not entitled to elect distributions from the employee's individual contribution account under AS 39.35.810, except as required by AS 39.35.840. While the monthly survivor's pension is being paid, the employer shall make contributions with respect to the employee's surviving spouse and employee's surviving dependent children based on the deceased employee's gross monthly compensation at the time of occupational death
 - (1) that would have been paid to the employee's individual account under AS 39.35.730 and 39.35.750(a), to the trust account established under AS 39.35.750(e), without deduction from the survivor's pension; and
 - (2) to the appropriate accounts and funds under AS 39.35.750(b) - (e).
- (d) If an employee's death is caused by an act of assault, assassination, or terrorism directly related to the person's status as an employee, whether

the act occurs on or off the employee's job site, the death shall be considered to have occurred in the performance of and within the scope of the employee's duties for purposes of (a)(2) of this section. If the expressed or apparent motive and intent of the perpetrator of the harm inflicted upon the employee was due to the performance of the employee's job duties or employment, the death shall be considered to be directly related to the employee's status as an employee. An employee's job duties are those performed within the course and scope of the person's employment with an employer.

- (e) On the date the employee would have first qualified for normal retirement if the employee had survived, the retirement benefit shall be determined under the provisions of AS 39.35.820 - 39.35.840, 39.35.870, and 39.35.880. In addition to payment of the member's individual account, the surviving spouse or, if there is no surviving spouse, the surviving dependent children of the member, shall receive an additional benefit in an amount equal to the accumulated contributions that would have been made to the deceased member's individual account under AS 39.35.730(a) and 39.35.750(a), based on the deceased member's gross monthly compensation at the time of occupational death, from the time of the member's death to the date the member would have first qualified for normal retirement if the member had survived. Earnings shall be allocated to the additional benefit calculated under this subsection based on the actual rate of return, net of expenses, of the trust account established under AS 39.35.750(e) over the period that such contributions would have been made. This additional amount and allocated earnings shall be paid in the same manner as determined for the member's individual account under AS 39.35.820 - 39.35.860 to the extent permitted by the Internal Revenue Service. An employee who died and whose survivors receive occupational death benefits under this section shall be considered to have retired directly from the plan on the date the employee would have first qualified for normal retirement if the employee had survived. The period of time during which a survivor's pension is paid under this section constitutes membership service for the purpose of determining vesting in employer contributions under AS 39.35.790(b) and eligibility for medical benefits under AS 39.30.300 - 39.30.495 and AS 39.35.700 - 39.35.990.

- (a) The state has the right to amend the plan at any time and from time to time, in whole or in part, including the right to make retroactive amendments referred to in 26 U.S.C. 401(b).
- (b) The plan administrator may not modify or amend the plan retroactively in such a manner as to reduce the benefits of any member accrued to date under the plan by reason of contributions made before the modification or amendment except to the extent that the reduction is permitted by the Internal Revenue Code.
- (c) The state may, in its discretion, terminate the plan in whole or part at any time without liability for the termination. If the plan is terminated, all investments remain in force until all individual accounts have been completely distributed under the plan, and, after all plan liabilities are satisfied, excess assets revert to the employer.

AMENDMENT NOTES: The 2007 amendment, effective June 7, 2007, added subsections (d) and (e).

Sec. 39.35.910. Nonguarantee of Returns, Rates, or Benefit Amounts.

The plan created by AS 39.35.700 - 39.35.990 is, with respect to individual accounts, treated as a defined contribution plan, and not a defined benefit plan. The amount of money in the individual account of a participant depends on the amount of contributions and the rate of return from investments of the account that varies over time. If benefits are paid in the form of an annuity, the benefit amount payable is dependent on the amount of money in the account and the interest rates applied and service fees charged by the annuity payor at the time the annuity is purchased from the carrier and benefits are first paid. Nothing in this plan guarantees a participant

- (1) a rate of return or interest rate other than that actually earned by the account of the participant, less applicable administrative expenses; or
- (2) an annuity based on interest rates or service charges other than interest rates available from and service charges by the annuity payor in effect at the time the annuity is paid.

HISTORY: (Sec. 122 ch 9 FSSLA 2005; am Sec. 104 ch 20 SLA 2007)

AMENDMENT NOTES: The 2007 amendment, effective June 7, 2007, inserted “with respect to individual accounts, treated as” and “and” in the first sentence, inserted “individual” in the second sentence, and inserted “the annuity is purchased from the carrier and” in the third sentence.

Sec. 39.35.920. Nonguarantee of Employment.

The provisions of AS 39.35.700 - 39.35.990 are not a contract of employment between an employer and an employee, nor do they confer a right of an employee to be continued in the employment of an employer, nor are they a limitation of the right of an employer to discharge an employee with or without cause.

Sec. 39.35.940. Transfer Into Defined Contribution Plan by Nonvested Members of Defined Benefit Plan.

- (a) Subject to (i) of this section, an active member of the defined benefit retirement plan of the public employees' retirement system is eligible to participate in the defined contribution retirement plan established under AS 39.35.700 - 39.35.990 if that member has not vested. Participation in the defined contribution retirement plan is in lieu of participation in the defined benefit retirement plan established under AS 39.35.095 - 39.35.680.
- (b) A member who has vested in a defined benefit retirement plan is not eligible to transfer under this section.
- (c) Each eligible member who elects to participate in the defined contribution retirement plan shall have transferred to a new account the employee contribution account balance held in trust for the member under the defined benefit retirement plan of the public employees' retirement system. A matching employer contribution shall be made on behalf of that employee to the new account. The employer shall make the matching contribution from funds other than the trust funds of the defined benefit retirement plan established under AS 39.35.095 - 39.35.680. The amount of the matching employer contribution shall be subject to, and may not exceed, the limitation of 26 U.S.C. 415(c) during the applicable limitation year as defined by AS 39.35.990. If the matching employer contribution would exceed the limits during the limitation year in which the transfer occurs, the remaining amount of the matching employer contribution shall be made in the next limitation year, if the limits would not be exceeded.
- (d) Upon a transfer, all membership service previously earned under the defined benefit retirement plan shall be nullified for purposes of entitlement to a future benefit under the defined benefit retirement

plan but shall be credited for purposes of determining vesting in employer contributions under AS 39.35.790(b) and eligibility to elect medical benefits under AS 39.35.870. Membership service allowed for credit toward medical benefits does not include any service credit purchased for employment by an employer who is not a participating employer in this chapter.

- (e) An eligible member whose accounts are subject to a qualified domestic relations order may not make an election to participate in the defined contribution retirement plan under this subsection unless the qualified domestic relations order is amended or vacated and court-certified copies of the order are received by the administrator.
- (f) As directed by the participant, the board shall transfer or cause to be transferred the appropriate amounts to the designated account. The board shall establish transfer procedures by regulation, but the actual transfer may not be later than 30 days after the effective date of the member's participation in the defined contribution retirement plan unless the major financial markets for securities available for a transfer are seriously disrupted by an unforeseen event that also causes the suspension of trading on any national securities exchange in the country where the securities were issued. In that event, the 30-day period of time may be extended by a resolution of the board of trustees. Transfers are not commissionable or subject to other fees and may be in the form of securities or cash as determined by the board. Securities shall be valued as of the date of receipt in the participant's account.
- (g) If the board or the administrator receives notification from the United States Department of the Treasury, Internal Revenue Service, that this section or a portion of this section will cause the retirement system under this chapter, or a portion of the retirement system under this chapter, to be disqualified for tax purposes under the Internal Revenue Code, the portion that will cause the disqualification does not apply, and the board and the administrator shall notify the presiding officers of the legislature.
- (h) An employee who is eligible to elect transfer to the defined contribution retirement plan must make the election not later than 12 months after the first day of the month following the administrator's receipt of the notification that the employee's employer consents to transfers of its employees under (i) of this section. The election to participate in the defined contribution retirement plan must be made in writing on forms and in the manner prescribed by the administrator. Before

accepting an election to participate in the defined contribution retirement plan, the administrator must provide the employee planning on making an election to participate in the defined contribution retirement plan with information, including calculations to illustrate the effect of moving the employee's retirement plan from the defined benefit retirement plan to the defined contribution retirement plan as well as other information to clearly inform the employee of the potential consequences of the employee's election. An election made under this subsection to participate in the defined contribution retirement plan is irrevocable. Upon making the election, the participant shall be enrolled as a member of the defined contribution retirement plan, the member's participation in the plan shall be governed by the provisions of AS 39.35.700 - 39.35.990, and the member's participation in the defined benefit retirement plan under AS 39.35.115 shall terminate. The participant's enrollment in the defined contribution retirement plan shall be effective the first day of the month after the administrator receives the completed enrollment forms. An election made by an eligible member who is married is not effective unless the election is signed by the individual's spouse.

- (i) A member may make an election under this section only if the member's employer participates in both the defined benefit retirement plan and the defined contribution retirement plan and consents to transfers under this section. The employer shall notify the administrator if the employer consents to allowing the employer's members to choose to transfer from the defined benefit retirement plan to the defined contribution retirement plan under this section. An employer's notice to allow transfers is irrevocable and applicable to all eligible employees of the employer.
- (j) In this section,
 - (1) "defined benefit retirement plan" means the retirement plan established in AS 39.35.095 - 39.35.680;

A certified copy of the resolution shall be filed with the administrator.

- (2) the territory will pay to the secretary of the treasury, as may be prescribed under 42 U.S.C. 301 - 1397f (Social Security Act), contributions with respect to wages equal to the sum of the taxes that would be imposed by 26 U.S.C. 3101 and 3111 (Federal Insurance Contributions Act) if the services covered by the agreement constituted employment within the meaning of that act;
- (3) the agreement shall be effective with respect to services in employment covered by the agreement performed from the date specified in it or, as to services to which the agreement is extended by a modification to it, from the date specified in the modification;
- (4) all services that constitute employment and are performed in the employ of the territory by employees of the territory shall be covered by the agreement; and
- (5) all services which (A) constitute employment, (B) are performed in the employ of a political subdivision of the territory, and (C) are covered by a plan which conforms to the agreement and is approved as set out in AS 39.30.030 shall be covered by the agreement.

REVISOR'S NOTES: This section gave the territory the legal authority to enter into an agreement extending the coverage of the federal Social Security Act to employees of the territory. The agreement was entered into on September 26, 1951, and is continued in effect by Sec. 2, art. XV of the state constitution continuing contracts of the territory and making the state legal successor to the territory. Since the agreement is in effect, the term "territory" has not been changed to "state" in this section. However, in AS 39.30.020 – 39.30.080, which relate to the continuing coverage of the agreement, the change from "territory" to "state" has been made.

Section 7, Chapter 58, SLA 1979, provided for an election to decide if the state should withdraw from the federal Social Security System. The election was held in September, 1979, and the state employees voted to withdraw. Withdrawal from the federal Social Security System was subsequently accomplished. Consequently, the agreement in this section no longer has any application to employees of the state.

- (a) An employee whose services are covered by an agreement under AS 39.30.010 shall pay for the period of coverage, into the state treasury, contributions equal to the amount of tax that would be imposed by 26 U.S.C. 3101 (Federal Insurance Contributions Act) if the services constituted employment within the meaning of that Act.
- (b) The contribution shall be collected by deducting the amount of the contribution from wages. Failure to make deduction does not relieve the employee from liability for the contribution.
- (c) If more or less than the correct amount of the contribution is paid or deducted, an adjustment or, if adjustment is impracticable, a refund shall be made without interest, in the manner prescribed by the department.

Sec. 39.30.030. Plans For Coverage of Employees of Political Subdivisions.

- (a) A political subdivision of the state may submit for approval by the department a plan for extending the benefits of 42 U.S.C. 401 - 433 (Title II, Social Security Act) to its employees. A plan and an amendment to the plan shall be approved by the department if it finds that the plan or amendment
 - (1) conforms with the requirements prescribed in regulations of the department;
 - (2) conforms with the requirements of the Social Security Act and with the agreement entered into under AS 39.30.010;
 - (3) provides that services that constitute employment and are performed in the employ of the political subdivision by employees are covered by it;
 - (4) specifies the source from which the funds necessary to make the payments required by (d) and (e) of this section are expected to be derived and contains reasonable assurance that the source will be adequate for the purpose;

- (5) provides for those methods of administration of the plan by the political subdivision that the department finds are necessary for the proper and efficient administration of the plan;
 - (6) provides that the political subdivision will make reports that the department requires, and will comply with requirements of the department or the Federal Security Administrator to assure the correctness and verification of the reports; and
 - (7) authorizes the department to terminate the plan in its entirety in its discretion if it finds that there is a failure to comply substantially with a provision in the plan at the time and upon the notice and conditions provided by regulations of the department that are consistent with the Social Security Act.
- (b) The department may not refuse to approve a plan submitted by a political subdivision under (a) of this section, and may not terminate an approved plan, without reasonable notice and opportunity for hearing to the political subdivision affected.
- (c) A political subdivision that has an approved plan shall pay contributions into the state treasury at the rates specified in the agreement and at the time which the department prescribes by regulation.
- (d) A political subdivision required to make payments under (c) of this section may, in consideration of the employee's retention in, or entry into, employment after March 23, 1951, impose upon each of its employees, as to services that are covered by an approved plan, a contribution with respect to the employee's wages, not exceeding the amount of tax that would be imposed by 26 U.S.C. 3101 (Federal Insurance Contributions Act) if the services constituted employment within the meaning of that act, and may deduct the amount of this contribution from the employee's wages. Contributions so collected shall be paid into the state treasury in partial discharge of the liability of the political subdivision or instrumentality under (c) of this section. Failure to deduct the contribution does not relieve the employee or employer of liability for it.
- (e) A delinquent payment due under (c) of this section, with interest at the rate of six percent a year, may be recovered by action against the political subdivision liable for it or may, at the request of the department, be deducted from any other money payable to the political subdivision by a department or agency of the state.

HISTORY: (Sec. 5 ch 95 SLA 1951; am Sec. 2, 3 ch 64 SLA 1968)

REVISOR'S NOTES: In 1987, "(c)" was substituted for "(l)" in the second sentence of subsection (d) in order to correct a manifest error in the 1962 recodification.

Sec. 39.30.040. Deposits and Withdrawals.

- (a) Unless otherwise provided by law, there shall be deposited in the state treasury in trust all contributions collected under AS 39.30.010 - 39.30.080.
- (b) The department has power, authority, and jurisdiction over this trust and may perform all acts whether or not specifically designated that are necessary to the administration of this trust.
- (c) This trust shall be used and administered exclusively for the purpose of AS 39.30.010 - 39.30.080. Withdrawals may be made only for
 - (1) payment of amounts required to be paid to the secretary of the treasury by an agreement entered into under AS 39.30.010;
 - (2) payment of the refunds provided for in AS 39.30.020(c); and
 - (3) refunds of overpayments, not otherwise adjustable, made by a political subdivision or instrumentality.

Sec. 39.30.050. Administrative Costs.

The department shall collect from each participating political subdivision its respective pro rata share of the expenses incurred in the administration of AS 39.30.010 - 39.30.080. The amounts collected from participating political subdivisions, together with money appropriated by the state for covering the state's share of administrative costs, shall be deposited in an FICA administration fund and are not allocable to any other purpose. Expenditures from the FICA administration fund shall be included in the governor's budget for each fiscal year and are subject to appropriation by the legislature. At the time of preparation of the governor's annual budget the department shall review the FICA administration fund and adjust the rate of assessment on political subdivisions so as to prevent the accumulation of more money than is needed to administer AS 39.30.010 - 39.30.080.

EDITOR’S NOTES: Section 87, ch. 63, SLA 1993 provides “[i]f any section of this bill is found to violate the single subject rule it is severed from the rest of the bill.”

AG OPINIONS: Because health insurance deals with the economic interests of employees and does not deal with fundamental policy; because this section, the group insurance statute, authorizes the Department of Administration to obtain “a policy or policies”; and because this section does not specify what levels of coverage or benefits must be included in the policy (or policies) obtained, the issue of group life and health insurance benefits is negotiable under the Public Employment Relations Act (AS 23.40.070 - 23.40.260). January 23, 1978 Op. Att’y Gen.

To the extent the cost of negotiated group life and health insurance coverage exceeds what the state would have paid under its employer-sponsored plan, the negotiated coverage is subject to legislative approval under AS 23.40.215. January 23, 1978 Op. Att’y Gen.

NOTES TO DECISIONS: Applicability of benefits to same-sex couples. — Employee benefits programs, which included the life and health insurance benefits described in this section, violated the rights of same-sex couples under Alaska Const. art. I, Sec. 1, by covering married public employees but not domestic partners. *Alaska Civ. Liberties Union v. State*, 122 P.3d 781 (Alaska 2005).

Applied in *University of Alaska v. Tumeo*, 933 P.2d 1147 (Alaska 1997).

Sec. 39.30.091. Authorization for Self-Insurance and Excess Loss Insurance.

Notwithstanding AS 21.86.310 or AS 39.30.090, the Department of Administration may provide, by means of self-insurance, one or more of the benefits listed in AS 39.30.090(a)(1) for state employees eligible for the benefits by law or under a collective bargaining agreement and for persons receiving benefits under AS 14.25, AS 22.25, AS 39.35, or former AS 39.37, and their dependents. The department shall procure any necessary excess loss insurance under AS 39.30.090.

With money in the fund, the commissioner of administration shall pay premiums, claims, and administrative costs required under the insurance policies in effect under AS 39.30.090 and 39.30.160, or required under self-insurance arrangements in effect under AS 39.30.091.

- (c) The commissioner of administration or the designee of the commissioner is administrator of the fund. The commissioner may contract with
 - (1) an insurer authorized to transact business in this state under AS 21.09, or a hospital or medical service corporation authorized to transact business in this state under AS 21.87 to reimburse the state for the cost of administering group insurance provided under AS 39.30.090 and 39.30.160; and

- (d) If the commissioner of administration determines that there is more money in the fund than the amount needed to pay premiums, benefits, and administrative costs for the current fiscal year, the surplus, or so much of it as the commissioner of administration considers advisable, may be invested by the commissioner of revenue in the same manner as retirement funds are invested under AS 37.10.220.

 - (3) employees in the judicial branch of state government, including magistrates and other judicial officers, who are not members of a collective bargaining unit established under AS 23.40.070 - 23.40.260 (Public Employment Relations Act).
- (f) In this section, “fund” means the group health and life benefits fund.

- (c) The board may provide a range of investment options and permit a participant or beneficiary of the program to exercise control over the assets in the individual's account. If the board offers investment options, and if a participant or beneficiary exercises control over the assets in the individual's account,
 - (1) the participant or beneficiary is not considered a fiduciary for any reason on the basis of exercising that control; and
 - (2) a person who is otherwise a fiduciary is not liable under this section for any loss, or by reason of any breach, that results from the individual's exercise of control.
- (d) If the board is considering entering into a contract or modifying an existing contract concerning the management or investment of funds of the deferred compensation program, the board shall consult with the commissioner of administration before making a decision on the issue.
- (e) The board shall develop a contingency plan that addresses the board's response to possible future investment problems.
- (f) Except to the extent clearly set out in the terms of the plan document offered by the employer to the employee, the employer is not liable to

the employee for investment losses if the prudent investment standard has been met.

(g) In this section, “board” means the Alaska Retirement Management Board.

HISTORY: (Sec. 1 ch 40 SLA 1973; am Sec. 2, 3 ch 125 SLA 1986; am Sec. 19, 20, 24 ch 31 SLA 1992; am Sec. 123, 124 ch 9 FSSLA 2005)

AMENDMENT NOTES: The 2005 amendment, effective July 28, 2005, substituted “Alaska Retirement Management Board” for “Alaska State Pension Investment Board” in subsections (a) and (g) and updated a section reference in subsection (a).

Sec. 39.45.040. Additional Benefits.

HISTORY: (Sec. 1 ch 40 SLA 1973)

REVISOR’S NOTES: In 1973, the phrase “may not affect a reduction” was changed to “may not effect a reduction” to correct a manifest typographical error in Sec. 1, ch. 40, SLA 1973.

Sec. 39.45.050. Tax Deferred Investments.

The administrator of a deferred compensation program under this chapter shall invest only in contracts that allow for deferment of the state and federal income tax until benefits are receivable under the program and shall make appropriate withholding adjustments in each participating employee’s payroll.

HISTORY: (Sec. 1 ch 40 SLA 1973)

Sec. 39.45.055. Appeals.

A final decision made under AS 39.45.010 - 39.45.060 is subject to appeal under AS 44.64.

HISTORY: (Sec. 114 ch 20 SLA 2007)

EFFECTIVE DATE NOTES: Section 120, ch. 20, SLA 2007, makes this section effective June 7, 2007, in accordance with AS 01.10.070(c).

Sec. 39.45.060. Definitions.

In this chapter,

- (1) “board” means the trustees of the Alaska Retirement Management Board established under AS 37.10.210;
- (2) “employee” means a person, whether appointed, elected, or under contract, who provides services for the state or a political subdivision of the state for which compensation is given.

HISTORY: (Sec. 1 ch 40 SLA 1973; am Sec. 125 ch 9 FSSLA 2005)

REVISOR’S NOTES: Paragraph (1) was enacted as paragraph (2) and renumbered in 2005, at which time the text of the definition of the term “employee” was renumbered as paragraph (2).

AMENDMENT NOTES: The 2005 amendment, effective July 28, 2005, added paragraph (2) [now (1)].
