## REGISTER NOW... **oralhealthCE**

As a reader of Oral Health magazine, you know that continuing education (CE) is crucial to maintaining a high standard of patient care and professional excellence in the dental field. CE opportunities abound in the marketplace, but it is not always as straightforward as it could be to find a course or seminar that suits your schedule and the needs of your practice. To help dental practitioners find suitable courses, earn CE credits, and stay up to date on the latest and greatest in dentistry, we're pleased to announce the upcoming launch of an online Continuing Education portal, OralHealthCE. Oral Health readers will be able to take a sampling of courses for free, and OralHealthCE members will have unlimited access to the full library of CE courses.

### WORRY-FREE CE

The OralHealthCE platform will continuously add courses to its library, ensuring that you always have access to a full suite of CE credits required to maintain your license.

### Why should dentists sign up?

As a dentist, your time is your most precious resource. **OralHealthCE's** platform allows you to take any course at any time, so you can maximize the time you spend caring for patients and earning revenue through your practice.

ORAL HEALTH CE IS COMING SOON! IF YOU'RE INTERESTED IN LEARNING MORE, HEAD TO [ORALHEALTHCE.COM](http://ORALHEALTHCE.COM) AND REGISTER FOR UPDATES.
